Dear Comments Clerk Texas Railroad Commission,

I have often driven through the Permian Basin on my way to NM. For years now I have been disgusted by all the flaring I see. Such a waste and such unnecessary pollution!!
I support prioritizing production cuts for oil companies with the worst records of excessive flaring at drilling sites. This is a waste of resources and harmful to our climate.

I want to see a plan to downsize the production of oil and gas throughout the next decade and manage the just transition to a cleaner economy for Texas.

I'll make sure to make this a voting issue for me and people I know!

Regards,
Maria Thibodeau
