

**RAILROAD COMMISSION OF TEXAS
OFFICE OF GENERAL COUNSEL**

**OIL AND GAS DOCKET
NO. 7C-0262604**

**FINAL ORDER
APPROVING THE APPLICATION OF TARGA PERMIAN LP
TO CONSTRUCT AND OPERATE
A HYDROGEN SULFIDE GAS PIPELINE
BLOCK 42 COMPRESSOR STATION TO
RAILWAY RANCH COMPRESSOR STATION
SAND HILLS FIELD
UPTON COUNTY, TEXAS**

The Commission finds that after statutory notice in the above-numbered docket reviewed on November 18, 2009, the reviewing examiner has made and filed a report and recommendation containing findings of fact and conclusions of law, for which service was not required; that the proposed application is in compliance with all statutory requirements; and that this proceeding was duly submitted to the Railroad Commission of Texas at conference held in its offices in Austin, Texas.

The Commission, after review and due consideration of the examiner's report and recommendation, the findings of fact and conclusions of law contained therein, hereby adopts as its own the findings of fact and conclusions of law contained therein, and incorporates said findings of fact and conclusions of law as if fully set out and separately stated herein.

Therefore, it is ordered by the Railroad Commission of Texas that the application of Targa Permian, LP to construct and operate a hydrogen sulfide gas pipeline, a 8" inch gathering line from the Block 42 Compressor Station to the Railway Ranch Compressor Station in the Sand Hills Field, Upton County, Texas, is hereby approved. Targa Permian, LP shall comply with all applicable rules and safety standards adopted by the Commission for the construction and operation of the hydrogen sulfide gas pipelines.

Done this 8th day of December, 2009.

RAILROAD COMMISSION OF TEXAS

CHAIRMAN VICTOR G. CARRILLO

COMMISSIONER ELIZABETH A. JONES

COMMISSIONER MICHAEL L. WILLIAMS
