RAILROAD COMMISSION OF TEXAS
OFFICE OF GENERAL COUNSEL

OIL AND GAS DOCKET
NO. 03-0230586

IN THE PORT ACRES (HACK. 9600)
FIELD, JEFFERSON COUNTY, TEXAS

FINAL ORDER
ADOPTING RULES AND REGULATIONS AND
APPROVING PERMANENT CLASSIFICATION OF WELLS AS GAS WELLS
PORT ACRES (HACK. 9600) FIELD
JEFFERSON COUNTY, TEXAS

The Commission finds that after statutory notice in the above-numbered docket heard on March 8, 2002, the presiding examiner has made and filed a report and recommendation containing findings of fact and conclusions of law, for which service was not required; that the proposed application is in compliance with all statutory requirements; and that this proceeding was duly submitted to the Railroad Commission of Texas at conference held in its offices in Austin, Texas.

The Commission, after review and due consideration of the examiner’s report and recommendation, the findings of fact and conclusions of law contained therein, hereby adopts as its own the findings of fact and conclusions of law contained therein, and incorporates said findings of fact and conclusions of law as if fully set out and separately stated herein.

Therefore, it is ORDERED by the Railroad Commission of Texas that the following rules shall be adopted for the Port Acres (Hack. 9600) Field, Jefferson County, Texas.

RULE 1: The entire correlative interval from 9522 feet to 9614 feet as shown on the Platform Express log of the Kerr-McGee Rocky Mountain Corporation (originally HS Resources, Inc.) Wingate Lease Well No. 1, Stephen Eaton Survey, Jefferson County, Texas, shall be designated as a single reservoir for proration purposes and be designated as the Port Acres (Hack. 9600) Field.

RULE 2: The daily allowable production of gas from individual wells completed in a non-associated gas reservoir of the subject field shall be determined by allocating the allowable production, after deductions have been made for wells which are incapable of producing their gas allowables, among the individual wells in the following manner:

TWENTY-FIVE percent (25%) of the total field allowable shall be allocated equally among all the individual proratable wells producing from this field.

SEVENTY-FIVE percent (75%) of the total field allowable shall be allocated among the individual wells in the proportion that the deliverability of such well, as evidenced by the most recent G-10 test filed with the Railroad Commission bears to the summation of the deliverability of all proratable wells producing from this field.
It is further ORDERED that all wells in the Port Acres (Hack. 9600) Field, Jefferson County, Texas, be and are permanently classified as gas wells.

It is further ORDERED that all overproduction for the Kerr-McGee Rocky Mountain Corporation Wingate Lease Well No. 1, Port Acres (Hack. 9600) Field be and is hereby canceled.

Done this ninth day of April, 2002.
