The Commission finds that after statutory notice in the above-numbered docket heard on August 31, 2007, the presiding examiner has made and filed a report and recommendation containing findings of fact and conclusions of law, for which service was not required; that the proposed application is in compliance with all statutory requirements; and that this proceeding was duly submitted to the Railroad Commission of Texas at conference held in its offices in Austin, Texas.

The Commission, after review and due consideration of the examiner's report and recommendation, the findings of fact and conclusions of law contained therein, hereby adopts as its own the findings of fact and conclusions of law contained therein, and incorporates said findings of fact and conclusions of law as if fully set out and separately stated herein.

Therefore, it is ordered by the Railroad Commission of Texas that Rule 1 of the field rules adopted in Final Order No. 04-0230219 for the CD Nabors (Vicksburg) Field, Starr County, Texas is amended as hereafter set out:

RULE 1: The entire correlative interval from 8,825 feet to 10,515 feet as shown on the log of the Cleopatra Well No. 5, (API No. 427 34016), J. A. Morales Survey, A-338, Starr County, Texas, shall be designated as a single reservoir for proration purposes and be designated as the CD Nabors (Vicksburg) Field.

The allocation formula in the CD Nabors (Vicksburg) Field will remain suspended. The allocation formula may be reinstated administratively, in accordance with the Commission's rules, if the market demand for gas in the CD Nabors (Vicksburg) Field drops below 100% of deliverability.

Done this 9th day of October, 2007.
