

**RAILROAD COMMISSION OF TEXAS
OFFICE OF GENERAL COUNSEL**

**OIL AND GAS DOCKET
NO. 04-0260902**

**IN THE SULLIVAN CITY (VICKSBURG,
LOWER) FIELD, HIDALGO COUNTY,
TEXAS**

**FINAL ORDER
APPROVING INCREASED NET GAS-OIL RATIO AUTHORITY
IN THE SULLIVAN CITY (VICKSBURG, LOWER) FIELD
HIDALGO COUNTY, TEXAS**

The Commission finds that after statutory notice in the above-numbered docket heard on March 26, 2009, the presiding examiner has made and filed a report and recommendation containing findings of fact and conclusions of law, for which service was not required; that the proposed application is in compliance with all statutory requirements; and that this proceeding was duly submitted to the Railroad Commission of Texas at conference held in its offices in Austin, Texas.

The Commission, after review and due consideration of the examiner's report and recommendation, the findings of fact and conclusions of law contained therein, hereby adopts as its own the findings of fact and conclusions of law contained therein, and incorporates said findings of fact and conclusions of law as if fully set out and separately stated herein.

Therefore, it is ordered by the Railroad Commission of Texas that each oil well in the Sullivan City (Vicksburg, Lower) Field, Hidalgo County, Texas, is allowed to produce under increased gas-oil ratio authority with a daily gas limit of 350 MCF per well. Each oil well is allowed to produce up to 111 barrels of oil per day regardless of producing gas-oil ratio. Oil allowables shall not be penalized due to high gas-oil ratios.

It is further ordered that all overproduction in the Sullivan City (Vicksburg, Lower) Field is hereby canceled.

Done this 23rd day of February, 2010.

RAILROAD COMMISSION OF TEXAS
