

**RAILROAD COMMISSION OF TEXAS
OFFICE OF GENERAL COUNSEL**

**OIL AND GAS DOCKET
NO. 04-0261247**

**IN THE MADERO, WEST (L) FIELD,
KLEBERG COUNTY, TEXAS**

**FINAL ORDER
APPROVING THE APPLICATION OF
EXXON MOBIL CORPORATION FOR NEW FIELD DESIGNATION AND
CONSOLIDATION OF THE MADERO, W. (K-94) FIELD INTO THE
MADERO, WEST (L) FIELD
KLEBERG COUNTY, TEXAS**

The Commission finds that after statutory notice in the above-numbered docket heard on May 1, 2009, the presiding examiner has made and filed a report and recommendation containing findings of fact and conclusions of law, for which service was not required; that the proposed application is in compliance with all statutory requirements; and that this proceeding was duly submitted to the Railroad Commission of Texas at conference held in its offices in Austin, Texas.

The Commission, after review and due consideration of the examiner's report and recommendation, the findings of fact and conclusions of law contained therein, hereby adopts as its own the findings of fact and conclusions of law contained therein, and incorporates said findings of fact and conclusions of law as if fully set out and separately stated herein.

Therefore, it is ordered by the Railroad Commission of Texas that the application of Exxon Mobil Corporation for new field designation for its King Ranch Madero Well No. 28 is hereby approved. The new field shall be known as the Madero, West (L) Field, ID No. 56562 100, Kleberg County, Texas.

It is further ordered that the following field rules are hereby adopted for the Madero, West (L) Field, Kleberg County, Texas:

RULE 1: The entire correlative interval between 10,790 feet and 11,670 feet, as shown on the Schlumberger Vision Resistivity log of the King Ranch Madero Well No. 28 (API No. 273 32511), Section 388, A-140, I & G.N. RR Co. Survey, Kleberg County, shall be designated as a single reservoir for proration purposes and be designated as the Madero, West (L) Field.

RULE 2: The daily allowable production of gas from individual wells completed in the subject field shall be determined by allocating the allowable production, after deductions have been made for wells which are incapable of producing their gas allowables, among the individual wells in the following manner:

FIVE percent (5%) of the field's total allowable shall be allocated equally among all the individual proratable wells producing from the field.

NINETY-FIVE percent (95%) of the field's total allowable shall be allocated among the individual wells in the proportion that the deliverability of such well, as evidenced by the most recent G-10 test filed with the Railroad Commission bears to the summation of the deliverability of all proratable wells producing from the field.

It is further ordered by the Railroad Commission of Texas that the Madero, W. (K-94) Field (No. 56562 333) be consolidated into the new Madero, West (L) Field (No. 56562 100) in Kleberg County, Texas.

The King Ranch Madero Well No. 11 (API No. 273 01807), in the Madero, W. (K-94) Field shall be transferred into the Madero, West (L) Field without requiring a new drilling permit.

Done this 30th day of June, 2009.

RAILROAD COMMISSION OF TEXAS
