FINAL ORDER

The Commission finds that after statutory notice the captioned enforcement proceeding was heard by the examiner on October 21, 2002, and that the respondent, Coastline Resources, Inc. (161959), failed to appear or respond to the notice. Pursuant to § 1.49 of the Commission's General Rules of Practice and Procedure [Tex. R. R. Comm'n, 16 TEX. ADMIN. CODE § 1.49] and after being duly submitted to the Railroad Commission of Texas at conference held in its offices in Austin, Texas, the Commission makes the following findings of fact and conclusions of law.

FINDINGS OF FACT

1. Coastline Resources, Inc. (161959), ("Respondent") was given Notice of Opportunity for Hearing by certified mail, addressed to the most recent P-5 address on the Form P-5 Organization Report, which was signed and returned to the Commission.
2. The returned certified receipt (green card) that was attached to the Original Complaint and the Notice of Hearing Opportunity was signed and returned to the Commission on September 19, 2002. The returned certified receipt (green card) that was attached to the Original Complaint and the Notice of Hearing Opportunity sent to Jay Pope; President, was signed and returned to the Commission on September 20, 2002. The certified receipts have been on file with the Commission for 15 days, exclusive of the day of receipt and day of issuance.
3. On March 8, 2000, Respondent, a Corporation, filed an Organization Report (Form P-5) with the Commission reporting that its officers consisted of the following individual(s): Jay Pope; President.
4. Respondent designated itself to the Commission as the operator of Well No. 1W on the Webb, Max L.B. (07476) Lease ("subject well"/"subject lease") by filing a Form P-4 (Producer's Transportation Authority and Certificate of Compliance) with the Commission effective on December 1, 1997.

5. According to Commission records the Respondent's Form P-5 (Organization Report) became delinquent on October 1, 2001. Respondent paid a fee of \$750.00 as financial assurance at the time of its last Form P-5 renewal.

7. The subject well has not been properly plugged in accordance with, and is not otherwise in compliance with, Statewide Rule 14.
8. Usable quality groundwater in the area is likely to be contaminated by migrations or discharges of saltwater and other oil and gas wastes from the subject well. Unplugged wellbores constitute a cognizable threat to the public health and safety because of the probability of pollution.
9. The estimated cost to the State of plugging the subject well is \$5,000.00.
10. The Respondent has not demonstrated good faith since it failed to plug or otherwise place the subject lease and the subject well in compliance after being notified of the violations by the District Office and failed to appear at the hearing to explain its inaction.
11. Respondent paid a fee of \$1,000.00 to the Commission on July 15, 2002.
