ENFORCEMENT ACTION FOR ALLEGED VIOLATIONS COMMITTED BY TIZA ENERGY, INC. (880850), AS TO THE HOUSE LEASE, WELL NO. 1 (119855), NUVALCO (ESCONDIDO) FIELD, ZAVALA COUNTY, TEXAS

FINAL ORDER

The Commission finds that after statutory notice the captioned enforcement proceeding was heard by the examiner on May 19, 2005, and that the respondent, Tiza Energy, Inc. (880850), failed to appear or respond to the notice. Pursuant to §1.49 of the Commission's General Rules of Practice and Procedure [Tex. R. R. Comm'n, 16 TEX. ADMIN. CODE § 1.49] and after being duly submitted to the Railroad Commission of Texas at conference held in its offices in Austin, Texas, the Commission makes the following findings of fact and conclusions of law.

FINDINGS OF FACT

1. Tiza Energy, Inc. (880850, ("Respondent") was given Notice of Opportunity for Hearing by certified mail, addressed to the most recent P-5 address on the Form P-5 Organization Report, which returned to the Commission marked "box closed, unable to forward."
2. The returned certified mail receipt containing the Original Complaint and the Notice of Opportunity for Hearing mailed to Respondent's most recent P-5 address, was returned to the Commission marked "box closed, unable to forward" on July 18, 2005. The returned certified mail receipt (green card) that was attached to the Original Complaint and the Notice of Opportunity for Hearing mailed to the President; Curtis W. Boyles, was signed and returned to the Commission on April 21, 2004. The certified receipt has been on file with the Commission for 15 days, exclusive of the day of receipt and day of issuance.
3. On June 3, 2003, Respondent, a Corporation filed an Organization Report (Form P-5) with the Commission reporting that its officers consisted of the following individual(s): Curtis W. Boyles; President.
4. Curtis W. Boyles, was a person in a position of ownership or control of respondent, as defined by Texas Natural Resources Code Section 91.114, during the time period of the violations of Commission rules committed by respondent.

5. Respondent designated itself to the Commission as the operator of Well No. 1 (119855) on the House Lease ("subject well"/"subject lease") by filing a Form P-4 (Producer's Transportation Authority and Certificate of Compliance) with the Commission, which became effective on May 19, 2003.
6. The violations of Commission rules committed by respondent are related to safety and the control of pollution.
7. According to Commission records the Respondent's Form P-5 (Organization Report) became delinquent on June 1, 2004. Respondent had a \$50,000 bond as its financial assurance at the time of its last P-5 renewal.
8. The subject well ceased production on or before December 31, 1992.
9. The subject well has not been properly plugged in accordance with, and is not otherwise in compliance with, Statewide Rule 14.
10. Usable quality groundwater in the area is likely to be contaminated by migrations or discharges of saltwater and other oil and gas wastes from the subject well. Unplugged wellbores constitute a cognizable threat to the public health and safety because of the probability of pollution.
11. The estimated cost to the State of plugging the subject well is \$2,300.00.
12. Commission district office inspections were conducted on April 12, 2004, July 13, 2004, August 19, 2004 and September 28, 2004 for the House Lease. The signs or identification required to be posted at the lease entrance and the well site were missing.
13. Failure to properly identify a well by the posting of the sign required by Statewide Rule 3 has the potential for causing confusion and delay in remedying a violation or emergency and poses a threat to the public health and safety.
14. Commission district office inspections were conducted on April 12, 2004, July 13, 2004, August 19, 2004 and September 28, 2004 for the House Lease. Respondent caused or allowed the maintenance of a dry 15' x 8' x 5' deep workover pit near Well No. 1.
15. Unfilled pits constitute a hazard to public health and safety because of the potential for illegal dumping in the pits and the potential for surface run-off to collect in the pit and seep into subsurface waters.
16. The Respondent has not demonstrated good faith since it failed to plug or otherwise place the subject lease and subject well in compliance after being notified of the violations by the District Office and failed to appear at the hearing to explain its inaction.
17. Respondent has a history of Commission rule violations including the following docket(s): Docket No. 01-0240138; Final Order Served: February 19, 2005.
18. Tiza Energy, Inc. (880850), has filed for Chapter 7 bankruptcy.
