ENFORCEMENT ACTION FOR ALLEGED VIOLATIONS COMMITTED BY MARK DOUGLAS PLOCEK D/B/A PLO'S OIL & GAS (668215), AS TO THE FROST NATIONAL BANK (12931) LEASE, WELL NO. 1, PEARSALL (AUSTIN CHALK) FIELD, DIMMITT COUNTY, TEXAS

FINAL ORDER

The Commission finds that after statutory notice the captioned enforcement proceeding was heard by the examiner on March 23, 2006, and that the respondent, Mark Douglas Plocek d/b/a PLO's Oil & Gas (668215), failed to appear or respond to the notice. Pursuant to § 1.49 of the Commission's General Rules of Practice and Procedure [Tex. R. R. Comm'n, 16 TEX. ADMIN. CODE § 1.49] and after being duly submitted to the Railroad Commission of Texas at conference held in its offices in Austin, Texas, the Commission makes the following findings of fact and conclusions of law.

FINDINGS OF FACT

1. Mark Douglas Plocek d/b/a PLO's Oil & Gas (668215), ("Respondent") was given Notice of Opportunity for Hearing by certified mail, addressed to the most recent P-5 address on the Form P-5 Organization Report, which was signed and returned to the Commission.
2. The returned certified receipt (green card) that was attached to the Original Complaint and the Notice of Opportunity for Hearing mailed to Respondent's most recent P-5 address was signed and returned to the Commission on February 21, 2006. The certified receipt has been on file with the Commission for 15 days, exclusive of the day of receipt and day of issuance.
3. Mark Douglas Plocek, as sole proprietor, was a person in a position of ownership or control of respondent, as defined by Texas Natural Resources Code Section 91.114, during the time period of the violations of Commission rules committed by respondent.
4. The violations of Commission rules committed by respondent are related to safety and the control of pollution.

5. Respondent designated itself to the Commission as the operator of Well No. 1 on the Frost National Bank (12931) Lease (“subject well”/“subject lease”) by filing a Form P-4 (Producers Transportation of Authority and Certificate of Compliance) with the Commission effective on May 1, 2000.
6. According to Commission records the Respondent’s Form P-5 (Organization Report) became delinquent on March 1, 2001. Respondent paid a fee of \$750.00 as its financial assurance at the time of its last P-5 renewal.
7. The subject well ceased production on or before August 31, 2000.
8. The subject well has not been properly plugged in accordance with, and is not otherwise in compliance with, Statewide Rule 14.
9. Usable quality groundwater in the area is likely to be contaminated by migrations or discharges of saltwater and other oil and gas wastes from the subject well. Unplugged wellbores constitute a cognizable threat to the public health and safety because of the probability of pollution.
10. The total estimated cost to the State of plugging the subject well is \$14,400.00.
11. The Respondent has not demonstrated good faith since it failed to plug or otherwise place the subject lease and subject well in compliance after being notified of the violations by the District Office and failed to appear at the hearing to explain its inaction.
