OFFICE OF GENERAL COUNSEL
HEARINGS SECTION**

OIL AND GAS DOCKET NO. 01-0249625

ENFORCEMENT ACTION FOR ALLEGED VIOLATIONS COMMITTED BY DAVID THALMANN VAC SERVICE, INC. (851060), AS TO THE JOHN E. WICKHAM (04149) LEASE, WELL NO. 2, GOOD LUCK (SAN MIGUEL) FIELD, DIMMIT COUNTY, TEXAS

FINAL ORDER

The Commission finds that after statutory notice the captioned enforcement proceeding was heard by the examiner on August 30, 2007, and that the respondent, David Thalmann Vac Service, Inc. (851060), failed to appear or respond to the notice. Pursuant to § 1.49 of the Commission's General Rules of Practice and Procedure [Tex. R. R. Comm'n, 16 TEX. ADMIN. CODE § 1.49] and after being duly submitted to the Railroad Commission of Texas at conference held in its offices in Austin, Texas, the Commission makes the following findings of fact and conclusions of law.

FINDINGS OF FACT

1. David Thalmann Vac Service, Inc. (851060), ("Respondent") was given Notice of Hearing by certified mail, addressed to the most recent P-5 address on the Form P-5 Organization Report, which was returned to the Commission marked "unclaimed."
2. The returned certified receipt containing the Original Complaint and the Notice of Hearing mailed to Respondent's most recent P-5 address was returned to the Commission marked "unclaimed" on August 9, 2007. The certified receipt has been on file with the Commission for 15 days, exclusive of the day of receipt and day of issuance.
3. On September 29, 2006, Respondent, A Corporation, filed an Organization Report (Form P-5) with the Commission reporting that its officers consisted of the following individual(s): Sandra Thalmann, President; and David Thalmann, Vice-President.
4. Sandra Thalmann, was a person in a position of ownership or control of respondent, as defined by Texas Natural Resources Code Section 91.114, during the time period of the violations of Commission rules committed by respondent.
5. David Thalmann, was a person in a position of ownership or control of respondent, as defined by Texas Natural Resources Code Section 91.114, during the time period of the violations of Commission rules committed by respondent.

6. The violations of Commission rules committed by respondent are related to safety and the control of pollution.
7. Respondent designated itself to the Commission as the operator of Well No. 2 on the John E. Wickham (04149) Lease ("subject well"/"subject lease") by filing a Form P-4 (Producers Transportation Authority and Certificate of Compliance) with the Commission effective on November 1, 2005.
8. According to Commission records the Respondent's Form P-5 (Organization Report) became delinquent on September 1, 2007. Respondent had a \$50,000.00 Letter of Credit as its financial assurance at the time of its last P-5 renewal.
9. The subject well ceased production on or before August 31, 2003.
10. The subject well has not been properly plugged in accordance with, and is not otherwise in compliance with, Statewide Rule 14.
11. Usable quality groundwater in the area is likely to be contaminated by migrations or discharges of saltwater and other oil and gas wastes from the subject well. Unplugged well bores constitute a cognizable threat to the public health and safety because of the probability of pollution.
12. The estimated cost to the State of plugging the subject well is \$11,200.00.
13. The plugging extension for Well No. 2 on the John E. Wickham (04149) Lease was denied on August 5, 2005, due to an H-15 test not on file.
14. Commission district office inspections were conducted on February 3, 2006, March 7, 2006, March 24, 2006, April 6, 2006, June 28, 2006, October 9, 2006, October 27, 2006 and June 8, 2007 for the John E. Wickham (04149) Lease. The sign and or identification required to be posted at the lease entrance was missing. The sign and or identification required to be posted at the well displayed the incorrect operator name and lease identification number. The sign and or identification required to be posted at the tank displayed incorrect information.
15. Failure to identify a well by the posting of the sign required by Statewide Rule 3 has the potential for causing confusion and delay in remedying a violation or emergency and poses a threat to the public health and safety.
16. Commission records indicate that no Form H-15 (Test On An Inactive Well More Than 25 Years Old) has been filed and approved for the John E. Wickham (04149) Lease, Well No. 2. Commission records further show that the John E. Wickham (04149) Lease, Well No. 2 was completed on January 20, 1972, an H-15 test was due in May of 2005, and that the well has not been plugged.

17. The Respondent has not demonstrated good faith since it failed to plug or otherwise place the subject lease and subject well in compliance after being notified of the violations by the District Office and failed to appear at the hearing to explain its inaction.
18. The Respondent has a prior history of Commission rule violations including the following docket(s):

Docket No. 01-0247010; Rule 8; Agreed Order Served: August 8, 2006; and
Docket No. 01-0250793; Rules 3 and 14; Final Order Served: June 27, 2007.
