FINAL ORDER

The Commission finds that after statutory notice the captioned enforcement proceeding was heard by the examiner on December 6, 1999 and that the respondent, L&F Drilling Co., Inc. (479591), failed to appear or respond to the notice. Pursuant to § 1.49 of the Commission's General Rules of Practice and Procedure [Tex. R. R. Comm'n, 16 TEX. ADMIN. CODE § 1.49] and after being duly submitted to the Railroad Commission of Texas at conference held in its offices in Austin, Texas, the Commission makes the following findings of fact and conclusions of law.

FINDINGS OF FACT

1. L&F Drilling Co., Inc. (479591), ("respondent") was given Notice of Opportunity for Hearing by certified mail, addressed to the most recent P-5 address on the Form P-5 (Organization Report) address, which was returned to the Commission marked "unclaimed."
2. The returned certified receipt containing the First Amended Original Complaint and the Notice of Opportunity for Hearing, was returned to the Commission marked "unclaimed" on November 23, 1999. The certified receipt has been on file with the Commission for 15 days, exclusive of the day of receipt and day of issuance.
3. On March 7, 1997, Respondent, a Corporation, filed an Organization Report (Form P-5) with the Commission reporting that its officers consisted of the following individuals: Jimmie B. Myers; President and John N. Groom; Vice-President.
4. Respondent designated itself to the Commission as the operator of Well No. 1 (129634) on the Sengelmann Estate Lease and Well No. 1A (125800) on the Sengelmann Est. Lease ("subject wells"/subject leases") by filing a Form P-4 (Producer's Transportation Authority and Certificate of Compliance), effective on November 1, 1996 for both of the subject wells and subject leases.
5. The subject wells have been dry or inactive for a period in excess of one year. Commission inspection and/or production reports indicate that the Well No. 1 (129634) on the Sengelmann Estate Lease ceased production on or before January 1, 1993 and Well No. 1A (125800) on the Sengelmann Est. Lease ceased production on or before June 1, 1994.

OIL AND GAS DOCKET NO. 02-0219581

6. The subject wells have not been properly plugged in accordance with, and are not otherwise in compliance with, Statewide Rule 14.
7. Usable quality water in the area is likely to be contaminated by migrations or discharges of saltwater and other oil and gas wastes from the subject wells. Unplugged wellbores constitute a cognizable threat to public health and safety because of the probability of pollution.
8. The estimated cost to the State of plugging the subject wells is \$2,400.00 for Well No. 1 (129634) on the Sengelmann Estate Lease and \$2,000.00 for Well No. 1A (125800) on the Sengelmann Est. Lease.
9. The respondent did not demonstrate good faith since it failed to plug or otherwise place the subject wells and subject leases in compliance after being notified of the violations by the District Office and failed to appear at the hearing to explain its inaction.
