---

**FINAL ORDER**

The Commission finds that after statutory notice the captioned enforcement proceeding was heard by the examiner on September 20, 1999 and that the respondent, B.C. Ventures, Inc. (040211), failed to appear or respond to the notice. Pursuant to § 1.49 of the Commission's General Rules of Practice and Procedure [Tex. R. R. Comm'n, 16 TEX. ADMIN. CODE § 1.49] and after being duly submitted to the Railroad Commission of Texas at conference held in its offices in Austin, Texas, the Commission makes the following findings of fact and conclusions of law.

**FINDINGS OF FACT**

1. B.C. Ventures, Inc. (040211), ("respondent") was given Notice of Opportunity for Hearing by certified mail, addressed to the most recent P-5 address on the Form P-5 (Organization Report) address, which was signed and returned to the Commission.
2. The returned certified receipt (green card) that was attached to the Original Complaint and the Notice of Opportunity for Hearing, was signed and returned to the Commission on August 27, 1999. The certified receipt has been on file with the Commission for 15 days, exclusive of the day of receipt and day of issuance.
3. On November 27, 1996, Respondent, a Corporation, filed an Organization Report (Form P-5) with the Commission reporting that its officers consisted of the following individual: Melvin A. Laird; President.
4. Respondent designated itself to the Commission as the operator of Well No. 1 on the Lawler, T.W. (00043) Lease, Well No. 1D on the Guinn, S.L. "B" (12006) Lease and Well No. 1 on the Dishman, J.A. "A" (20185) Lease ("subject wells"/subject leases") by filing a Form P-4 (Producer's Transportation Authority and Certificate of Compliance) with the Commission, effective on September 15, 1995 for all of the subject wells and subject leases.

## **OIL AND GAS DOCKET NO. 03-0222028**

5. The subject wells have been dry or inactive for a period in excess of one year. Commission inspection and/or production reports indicate that the subject wells ceased production on or before February 28, 1994 for Well No. 1 on the Lawler, T.W. (00043) Lease, January 31, 1995 for Well No. 1D on the Guinn, S.L. "B" (12006) Lease and September 30, 1995 for Well No. 1 on the Dishman, J.A. "A" (20185) Lease.
6. The subject wells have not been properly plugged in accordance with, and are not otherwise in compliance with, Statewide Rule 14.
7. Usable quality water in the area is likely to be contaminated by migrations or discharges of saltwater and other oil and gas wastes from the subject wells. Unplugged wellbores constitute a cognizable threat to public health and safety because of the probability of pollution.
8. The estimated cost to the State of plugging the wells is \$10,170.00 for Well No. 1 on the Lawler, T.W. (00043) Lease, \$6,150.00 for Well No. 1D on the Guinn, S.L. "B" (12006) Lease and \$10,020.00 for Well No. 1 on the Dishman, J.A. "A" (20185) Lease.
9. The respondent did not demonstrate good faith since it failed to plug or otherwise place the subject wells and subject leases in compliance after being notified of the violations by the District Office and failed to appear at the hearing to explain its inaction.

### **CONCLUSIONS OF LAW**

1. Proper notice was issued by the Railroad Commission to respondent and all other appropriate persons legally entitled to notice.
