OFFICE OF GENERAL COUNSEL
OIL AND GAS SECTION**

OIL AND GAS DOCKET NO. 03-0230218

ENFORCEMENT ACTION FOR ALLEGED VIOLATIONS COMMITTED BY DJH INVESTMENTS, INC. (221726), AS TO THE A.M. BOGART (11065) LEASE, WELL NOS. 1 AND 2, AND THE CEC-FRIDKIN (13752) LEASE, WELL NO. 1, PIERCE JUNCTION FIELD, HARRIS COUNTY, TEXAS

FINAL ORDER

The Commission finds that after statutory notice the captioned enforcement proceeding was heard by the examiner on April 25, 2002, and that the respondent, DJH Investments, Inc. (221726), failed to appear or respond to the notice. Pursuant to § 1.49 of the Commission's General Rules of Practice and Procedure [Tex. R. R. Comm'n, 16 TEX. ADMIN. CODE § 1.49] and after being duly submitted to the Railroad Commission of Texas at conference held in its offices in Austin, Texas, the Commission makes the following findings of fact and conclusions of law.

FINDINGS OF FACT

1. DJH Investments, Inc. (221726), ("respondent") was given Notice of Opportunity for Hearing by certified mail, addressed to the most recent P-5 address on the Form P-5 Organization Report, which was signed and returned to the Commission.
2. The returned certified receipt (green card) that was attached to the Original Complaint and the Notice of Hearing Opportunity was signed and returned to the Commission on March 19, 2002. The certified receipt has been on file with the Commission for 15 days, exclusive of the day of receipt and day of issuance.
3. Respondent designated itself to the Commission as the operator of Well Nos. 1 and 2 on the A.M. Bogart (11065) Lease and Well No. 1 on the CEC-Fridkin (13752) Lease ("subject wells"/"subject leases") by filing a Form P-4 (Producer's Transportation Authority and Certificate of Compliance) with the Commission effective on July 1, 1995 for both of the subject leases and subject wells.
4. According to Commission records the Respondent's Form P-5 (Organization Report) became delinquent on June 2, 1999.

5. Commission district office inspections and/or the lack of production reports indicate that all of the subject wells ceased production on or before September 30, 2000.
6. The subject wells have not been properly plugged in accordance with, and are not otherwise in compliance with, Statewide Rule 14.
7. Usable quality groundwater in the area is likely to be contaminated by migrations or discharges of saltwater and other oil and gas wastes from the subject wells. Unplugged wellbores constitute a cognizable threat to the public health and safety because of the probability of pollution.
8. The estimated cost to the State for plugging the subject wells is \$21,718.50 for Well Nos. 1 and 2 on the A.M. Bogart (11065) Lease and \$10,729.50 for Well No. 1 on the CEC-Fridkin (13752) Lease.
9. Commission district office inspections were conducted on August 29, 2001, October 2, 2001 and October 25, 2001 for the A.M. Bogart (11065) Lease. The required signs and or identification required to be posted at Well Nos. 1 and 2 were missing.
10. Commission district office inspections were conducted on August 29, 2001, October 2, 2001 and October 25, 2001 for the CEC-Fridkin (13752) Lease. The required signs and or identification required to be posted at Well Nos. 1 were missing.
11. Commission district office inspections were conducted on August 29, 2001, October 2, 2001 and October 25, 2001 for the A.M. Bogart (11065) Lease. Respondent had caused or allowed an unauthorized discharge of oil, affecting an area measuring 4' x 25', located at Well No. 1.
12. Commission district office inspections were conducted on October 2, 2001 and October 25, 2001 for the CEC-Fridkin (13752) Lease. Respondent had caused or allowed an unauthorized discharge of oil, affecting an area measuring 6' x 6' located at Well No. 1.
13. No permit has been issued to the Respondent for the discharge of oil and gas wastes on or from the subject lease.
14. The unpermitted discharges of oil and gas wastes or other substances or materials on the subject lease constitute a hazard to public health and safety because leaks and spills of oil and produced waters onto soils can migrate into surface water bodies causing contamination, leaching into the ground and percolation through soils into groundwater supplies.
15. The Respondent has not demonstrated good faith since it failed to plug or otherwise place the subject leases and the subject wells in compliance after being notified of the violations by the District Office and failed to appear at the hearing to explain its inaction.

4. Respondent is responsible for maintaining the subject lease in compliance with Rule 3(a) which requires that each property that produces oil, gas or geothermal resources and each oil, gas or geothermal resource well and tank, or other approved crude oil measuring facility shall post signs or identification.
5. Respondent is responsible for maintaining the subject lease in compliance with Rule 8(d)(1), which prohibit the discharge of oil and gas wastes without a permit.
