OIL AND GAS DOCKET NO. 03-0230899

ENFORCEMENT ACTION FOR ALLEGED VIOLATIONS COMMITTED BY BRANDES PETROLEUM B.P.C., INC. (088621), AS TO THE CESSNA, ADELIA (21467) LEASE, WELL NO. 2, HARDIN FIELD, LIBERTY COUNTY, TEXAS

FINAL ORDER

The Commission finds that after statutory notice the captioned enforcement proceeding was heard by the examiner on June 3, 2002, and that the respondent, Brandes Petroleum B.P.C., Inc. (088621) failed to appear or respond to the notice. Pursuant to § 1.49 of the Commission's General Rules of Practice and Procedure [Tex. R. R. Comm'n, 16 TEX. ADMIN. CODE § 1.49] and after being duly submitted to the Railroad Commission of Texas at conference held in its offices in Austin, Texas, the Commission makes the following findings of fact and conclusions of law.

FINDINGS OF FACT

1. Brandes Petroleum B.P.C., Inc. (088621), ("respondent") was given Notice of Opportunity for Hearing by certified mail, addressed to the most recent P-5 address on the Form P-5 Organization Report, which was returned to the Commission marked "attempted not known."
2. The returned certified receipt containing the Original Complaint and the Notice of Opportunity for Hearing was returned to the Commission marked "attempted not known" on May 8, 2002. The certified receipt has been on file with the Commission for 15 days, exclusive of the day of receipt and day of issuance.
3. On July 17, 2001, Respondent, a Corporation, filed an Organization Report (Form P-5) with the Commission reporting that its officers consisted of the following individual(s): Reed C. Lowman; President.
4. Respondent designated itself to the Commission as the operator of Well No.2 on the Cessna, Adelia (21467) Lease ("subject well"/"subject lease") by filing a Form P-4 (Producer's Transportation Authority and Certificate of Compliance) with the Commission effective on April 5, 1993.
5. According to Commission records the Respondent's Form P-5 (Organization Report) became delinquent on April 1, 2002. Respondent paid a fee of \$750.00 as financial assurance at the time of its last Form P-5 renewal.
6. The subject well ceased production on or before September 30, 1994.
7. The subject well has not been properly plugged in accordance with, and is not otherwise in compliance with, Statewide Rule 14.

8. Usable quality groundwater in the area is likely to be contaminated by migrations or discharges of saltwater and other oil and gas wastes from the subject well. Unplugged wellbores constitute a cognizable threat to the public health and safety because of the probability of pollution.
9. The estimated cost to the State for plugging the subject well is \$11,800.00.
10. The Respondent has not demonstrated good faith since it failed to plug or otherwise place the subject lease and the subject well in compliance after being notified of the violations by the District Office and failed to appear at the hearing to explain its inaction.

CONCLUSIONS OF LAW

1. Proper notice was issued by the Railroad Commission to respondent and to all other appropriate persons legally entitled to notice.
2. All things necessary to the Commission attaining jurisdiction over the subject matter and the parties in this hearing have been performed or have occurred.
3. Respondent is in violation of Commission Statewide Rule 14(b)(2).
4. Respondent is responsible for maintaining the subject lease in compliance with all applicable Commission rules and for properly plugging the subject well according to Statewide Rules 14, 58, and 79 and Chapters 89 and 91 of the Texas Natural Resources Code.
5. The documented violations committed by the respondent constitute acts deemed serious, a hazard to the public health, and demonstrate a lack of good faith pursuant to TEX. NAT. RES. CODE ANN. §81.0531(c) (Vernon 2001).
