**ENFORCEMENT ACTION FOR ALLEGED VIOLATIONS COMMITTED BY CHRISTIAN OPERATING COMPANY (150916), AS TO THE DOORNBOS LEASE, WELL NO. 306 (124270), PORT ARTHUR (HACKBERRY) FIELD, JEFFERSON COUNTY, TEXAS**

---

**FINAL ORDER**

The Commission finds that after statutory notice the captioned enforcement proceeding was heard by the examiner on November 2, 2006, and that the respondent, Christian Operating Company (150916), failed to appear or respond to the notice. Pursuant to § 1.49 of the Commission's General Rules of Practice and Procedure [Tex. R. R. Comm'n, 16 TEX. ADMIN. CODE § 1.49] and after being duly submitted to the Railroad Commission of Texas at conference held in its offices in Austin, Texas, the Commission makes the following findings of fact and conclusions of law.

**FINDINGS OF FACT**

1. Christian Operating Company (150916), ("Respondent") was given a Notice of Opportunity for Hearing by certified mail, addressed to the most recent P-5 address on the Form P-5 (Organization Report), the receipt for which was signed and returned to the Commission.
2. The returned certified receipt (green card) that was attached to the Original Complaint and the Notice of Opportunity for Hearing mailed to Respondent's most recent P-5 address was signed and returned on August 28, 2006. The certified receipt has been on file with the Commission for 15 days, exclusive of the day of receipt and day of issuance.
3. On March 20, 2006, Respondent, a Corporation, filed a Form P-5 (Organization Report) with the Commission reporting that its officers consisted of the following individual(s): Francis Phillip Christian; President and Steven Jay Christian; Vice-President.
4. Francis Phillip Christian, was a person in a position of ownership or control of respondent, as defined by Texas Natural Resources Code Section 91.114, during the time period of the violations of Commission rules committed by respondent.
5. Steven Jay Christian, was a person in a position of ownership or control of respondent, as defined by Texas Natural Resources Code Section 91.114, during the time period of the violations of Commission rules committed by respondent.

6. The violations of Commission rules committed by respondent are related to safety and the control of pollution.
7. Respondent designated itself to the Commission as the operator of Well No. 306 (124270) on the Doornbos Lease (“subject well”/“subject lease”) by filing a Form P-4 (Producers Transportation Authority and Certificate of Compliance) with the Commission effective on May 30, 2002.
8. According to Commission records the Respondent’s Form P-5 (Organization Report) is active. Respondent has a \$25,000 Bond as its financial assurance.
9. Well No. 306 (124270) is a permitted saltwater disposal well. Injection activity ceased on or before September 30, 2003.
10. The subject well has not been properly plugged in accordance with, and is not otherwise in compliance with, Statewide Rule 14.
11. Usable quality groundwater in the area is likely to be contaminated by migrations or discharges of saltwater and other oil and gas wastes from the subject well. Unplugged wellbores constitute a cognizable threat to the public health and safety because of the probability of pollution.
12. The estimated cost to the State of plugging the subject well is \$12,237.00.
13. Commission records reflect that the Respondent was scheduled to perform the five-year mechanical integrity (pressure) test on the Doornbos Lease, Well No. 306 (124270), by July 20, 2005. Respondent failed to conduct the required test and report the test results on the Commission Form H-5.
14. The Respondent has not demonstrated good faith since it failed to place the subject lease and subject well in compliance after being notified of the violations by the District Office and failed to appear at the hearing to explain its inaction.
