OFFICE OF GENERAL COUNSEL
HEARINGS SECTION**

OIL AND GAS DOCKET NO. 03-0251617

ENFORCEMENT ACTION FOR ALLEGED VIOLATIONS COMMITTED BY TEJONES OPERATING CORPORATION (841338), AS TO THE HOBIZAL-TAYLOR (23751) LEASE, WELL NO. 1, HAMEL FIELD, COLORADO COUNTY, TEXAS

FINAL ORDER

The Commission finds that after statutory notice the captioned enforcement proceeding was heard by the examiner on October 30, 2008, and that the respondent, Tejones Operating Corporation (841338), failed to appear or respond to the Notice of Hearing. Pursuant to § 1.49 of the Commission's General Rules of Practice and Procedure [Tex. R. R. Comm'n, 16 TEX. ADMIN. CODE § 1.49] and after being duly submitted to the Railroad Commission of Texas at conference held in its offices in Austin, Texas, the Commission makes the following findings of fact and conclusions of law.

FINDINGS OF FACT

1. Tejones Operating Corporation (841338), ("Respondent") was given Notice of Hearing by certified mail, addressed to the most recent P-5 address on the Form P-5 Organization Report, which was signed and returned to the Commission.
2. The returned certified receipt (green card) that was attached to the Original Complaint and the Notice of Hearing mailed to Respondent's, most recent P-5 address, was signed and returned to the Commission on September 26, 2008. The certified receipt has been on file with the Commission for 15 days, exclusive of the day of receipt and day of issuance.
3. On November 4, 2008, Respondent, a Corporation, filed an Organization Report (Form P-5) with the Commission reporting that its officers consisted of the following individual(s): Tom Gouger III; President.
4. Tom Gouger III, was a person in a position of ownership or control of respondent, as defined by Texas Natural Resources Code Section 91.114, during the time period of the violations of Commission rules committed by respondent.
5. The violations of Commission rules committed by respondent are related to safety and the control of pollution.

6. Respondent designated itself to the Commission as the operator of Well No. 1 on the Hobizal-Taylor (23751) Lease (“subject well”/“subject lease”) by filing a Form P-4 (Producer’s Transportation Authority and Certificate of Compliance) with the Commission effective on December 1, 2005.
7. According to Commission records the Respondent’s Form P-5 (Organization Report) is active. Respondent had a \$50,000.00 Bond as its financial assurance at the time of its last P-5 renewal.
8. Commission District office inspections were conducted on November 6, 2006, December 14, 2006 and January 24, 2007 for the Hobizal-Taylor (23751) Lease. The sign or identification required to be posted at the well displayed incorrect information.
9. Failure to properly identify a well by the posting of the sign required by Statewide Rule 3 has the potential for causing confusion and delay in remedying a violation or emergency and poses a threat to the public health and safety.
10. Production from the subject well ceased on or before August 31, 2002.
11. The Statewide 14(b)(2) plugging extension for Well No. 1 was denied on July 24, 2006 for failure to file an H-15 test.
12. The subject well has not been properly plugged in accordance with, and is not otherwise in compliance with Statewide Rule 14.
13. Usable quality groundwater in the area is likely to be contaminated by migrations or discharges of saltwater and other oil and gas wastes from the subject well. Unplugged wellbores constitute a cognizable threat to the public health and safety because of the potential for pollution.
14. The estimated cost to the State of plugging the subject well is \$23,101.00.
15. Commission records indicate that no Form H-15 (Test On An Inactive Well More Than 25 Years Old) has been filed and approved for the Hobizal-Taylor (23751) Lease, Well No. 1. Commission records further show that Hobizal-Taylor (23751) Lease, Well No. 1 was completed in March 1965, that an H-15 test was due in May 2006, and that the well has not been plugged.
16. The Respondent did not demonstrate good faith since it failed to timely plug or otherwise place the subject lease and subject well in compliance after being notified of the violations by the District Office and failed to appear at the hearing to explain its inaction.

CONCLUSIONS OF LAW

2. All things necessary to the Commission attaining jurisdiction over the subject matter and the parties in this hearing have been performed or have occurred.
3. Respondent is in violation of Commission Statewide Rules 3, 14(b)(2) and 14(b)(3).
4. Respondent is responsible for maintaining the subject lease in compliance with Statewide Rule 3, which requires that each property that produces oil, gas or geothermal resources and each oil, gas or geothermal resource well and tank, or other approved crude oil measuring facility shall post signs or identification.
5. Respondent is responsible for maintaining the subject lease in compliance with Statewide Rule 14(b)(3), which requires that the operator of any well more than 25 years old that becomes inactive shall plug or test such well to determine whether the well poses a potential threat of harm to natural resources, including surface and subsurface water, oil and gas.
6. Respondent is responsible for maintaining the subject lease and subject well in compliance with all applicable Commission rules according to Statewide Rules 14, 58, and 79 and Chapters 89 and 91 of the Texas Natural Resources Code.
7. The documented violations committed by the respondent constitute acts deemed serious, a hazard to the public health, and demonstrate a lack of good faith pursuant to TEX. NAT. RES. CODE ANN. §81.0531(c).
8. As a person in a position of ownership or control of respondent at the time respondent violated Commission rules related to safety and the control of pollution, Tom Gouger III, and any other organization in which he may hold a position of ownership or control, shall be subject to the restrictions of Texas Natural Resource Code Section 91.114(a)(2) for a period of no more than seven years from the date the order entered in this matter becomes final, or until the conditions that constituted the violations herein are corrected or are being corrected in accordance with a schedule to which the Commission and the organization have agreed; and all administrative, civil, and criminal penalties and all cleanup and plugging costs incurred by the State relating to those conditions are paid or are being paid in accordance with a schedule to which the Commission and the organization have agreed, whichever is earlier.
