

**RAILROAD COMMISSION OF TEXAS  
OFFICE OF GENERAL COUNSEL  
HEARINGS SECTION**

**OIL AND GAS DOCKET NO. 03-0252769**

---

**ENFORCEMENT ACTION FOR ALLEGED VIOLATIONS COMMITTED BY GOLDMARK ENERGY CORPORATION (313400), AS TO THE MANVEL LEASE, WELL NO. 1 (208313), W. MANVEL (MIOCENE B) FIELD, BRAZORIA COUNTY, TEXAS**

---

**FINAL ORDER**

The Commission finds that after statutory notice the captioned enforcement proceeding was heard by the examiner on September 27, 2007, and that the respondent, Goldmark Energy Corporation (313400), failed to appear or respond to the Notice of Opportunity for Hearing. Pursuant to § 1.49 of the Commission's General Rules of Practice and Procedure [Tex. R. R. Comm'n, 16 TEX. ADMIN. CODE § 1.49] and after being duly submitted to the Railroad Commission of Texas at conference held in its offices in Austin, Texas, the Commission makes the following findings of fact and conclusions of law.

**FINDINGS OF FACT**

1. Goldmark Energy Corporation (313400), ("Respondent") was given Notice of Opportunity for Hearing by certified mail, addressed to the most recent P-5 address on the Form P-5 Organization Report, which was signed and returned to the Commission.
2. The returned certified receipt (green card) that was attached to the Original Complaint and the Notice of Opportunity for Hearing mailed to Respondent's most recent P-5 address was signed and returned to the Commission on September 4, 2007. The certified receipt has been on file with the Commission for 15 days, exclusive of the day of receipt and day of issuance.
3. On July 12, 2007, Respondent, a Corporation, filed an Organization Report (Form P-5) with the Commission reporting that its officers consisted of the following individual(s): Mark D. Goldsmith, President/Vice-President; and Leslie W. Goldsmith, Secretary.
4. Mark D. Goldsmith, was a person in a position of ownership or control of respondent, as defined by Texas Natural Resources Code Section 91.114, during the time period of the violations of Commission rules committed by respondent.
5. Leslie W. Goldsmith, was a person in a position of ownership or control of respondent, as defined by Texas Natural Resources Code Section 91.114, during the time period of the violations of Commission rules committed by respondent.

6. The violations of Commission rules committed by respondent are related to safety and the control of pollution.
7. Respondent designated itself to the Commission as the operator of Well No. 1 (208313) on the Manvel Lease ("subject well"/"subject lease") by filing a Form G-1 (Gas Well Completion Report) numbered 520575.
8. According to Commission records the Respondent's Form P-5 (Organization Report) is active. Respondent has \$18,688.00 Letter of Credit as its financial assurance.
9. The subject well ceased production on or before May 1, 2003.
10. The 14(b)(2) plugging extension for Well No. 1 (208313) was cancelled on May 10, 2007 for rule violations.
11. Usable quality groundwater in the area could have been contaminated by migrations or discharges of saltwater and other oil and gas wastes from the subject well. Unplugged wellbores constitute a cognizable threat to the public health and safety because of the probability of pollution.
12. The estimated cost to the State for plugging the subject well is \$9,914.00.
13. A Commission district office inspection was conducted on February 27, 2007 for the Manvel Lease. There was a spill located west of the well effecting an area approximately 4' x 3' with oil saturated soil. Another spill was approximately 20' x 20' and had oil saturated soil, located within the firewall.
14. No permit has been issued to the Respondent for the discharge of oil and gas wastes on or from the subject lease.
15. The unpermitted discharges of oil and gas wastes or other substances or materials on the subject lease constitute a hazard to public health and safety because leaks and spills of oil and produced waters onto soils can migrate into surface water bodies causing contamination or can leach into the ground and percolate through soils into groundwater supplies.
16. Commission District inspection reports dated February 27, 2007, March 12, 2007, April 3, 2007 and May 2, 2007 showed 2 unmarked drums located on the Manvel Lease, Well No. 1 (208313) well site. Respondent has failed to identify and confirm that the unmarked drums do not contain hazardous oil and gas wastes.
17. The Respondent has not demonstrated good faith since it failed to plug or otherwise place the subject lease and subject well in compliance after being notified of the violations by the District Office and failed to appear at the hearing to explain its inaction.
18. Well No. 1 (208313) on the Manvel Lease is inactive. The wellhead and flowline are intact, valves on the well are closed and the master valve is sealed.

## **CONCLUSIONS OF LAW**

1. Proper notice was issued by the Railroad Commission to respondent and to all other appropriate persons legally entitled to notice.
2. All things necessary to the Commission attaining jurisdiction over the subject matter and the parties in this hearing have been performed or have occurred.
3. Respondent is in violation of Commission Statewide Rules 8(d)(1), 14(b)(2) and 98(e)(1).
4. Respondent is responsible for maintaining the subject lease in compliance with Statewide Rule 8(d)(1), which prohibits the discharge of oil and gas wastes without a permit.
5. Respondent is responsible for maintaining the subject lease in compliance with Statewide Rule 98(e)(1), which requires that the operator of a facility where waste is generated shall determine if the waste is hazardous oil and gas waste.
6. Respondent is responsible for maintaining the subject lease and well in compliance with all applicable Commission rules according to Statewide Rules 14, 58, and 79 and Chapters 89 and 91 of the Texas Natural Resources Code.
7. The documented violations committed by the respondent constitute acts deemed serious, a hazard to the public health, and demonstrate a lack of good faith pursuant to TEX. NAT. RES. CODE ANN. §81.0531(c).
8. As a person in a position of ownership or control of respondent at the time respondent violated Commission rules related to safety and the control of pollution, Mark D. Goldsmith, and any other organization in which he may hold a position of ownership or control, shall be subject to the restrictions of Texas Natural Resource Code Section 91.114(a)(2) for a period of no more than seven years from the date the order entered in this matter becomes final, or until the conditions that constituted the violations herein are corrected or are being corrected in accordance with a schedule to which the Commission and the organization have agreed; and all administrative, civil, and criminal penalties and all cleanup and plugging costs incurred by the State relating to those conditions are paid or are being paid in accordance with a schedule to which the Commission and the organization have agreed, whichever is earlier.

9. As a person in a position of ownership or control of respondent at the time respondent violated Commission rules related to safety and the control of pollution, Leslie W. Goldsmith, and any other organization in which she may hold a position of ownership or control, shall be subject to the restrictions of Texas Natural Resource Code Section 91.114(a)(2) for a period of no more than seven years from the date the order entered in this matter becomes final, or until the conditions that constituted the violations herein are corrected or are being corrected in accordance with a schedule to which the Commission and the organization have agreed; and all administrative, civil, and criminal penalties and all cleanup and plugging costs incurred by the State relating to those conditions are paid or are being paid in accordance with a schedule to which the Commission and the organization have agreed, whichever is earlier.

**IT IS ORDERED THAT** within 30 days from the day immediately following the date this order becomes final:

1. Goldmark Energy Corporation (313400), shall plug the Manvel Lease, Well No. 1 (208313), W. Manvel (Miocene B) Field, Brazoria County, Texas in compliance with applicable Commission rules and regulations;
2. Goldmark Energy Corporation (313400), shall pay to the Railroad Commission of Texas, for disposition as provided by law, an administrative penalty in the amount of **FOUR THOUSAND ONE HUNDRED DOLLARS (\$4,100.00)**.

It is further **ORDERED** by the Commission that this order shall not be final and effective until 20 days after a party is notified of the Commission's order. A party is presumed to have been notified of the Commission's order three days after the date on which the notice is actually mailed. If a timely motion for rehearing is filed by any party at interest, this order shall not become final and effective until such motion is overruled, or if such motion is granted, this order shall be subject to further action by the Commission. Pursuant to TEX. GOV'T CODE § 2001.146(e), the time allotted for Commission action on a motion for rehearing in this case prior to its being overruled by operation of law, is hereby extended until 90 days from the date the parties are notified of the order.

All requested findings of fact and conclusions of law which are not expressly adopted herein are denied. All pending motions and requests for relief not previously granted or granted herein are denied.

Noncompliance with the provisions of this order is subject to enforcement by the Attorney General and subject to civil penalties of up to \$10,000.00 per day per violation.

Done this 18th day of December 2007.
