

**RAILROAD COMMISSION OF TEXAS
OFFICE OF GENERAL COUNSEL
HEARINGS SECTION**

OIL AND GAS DOCKET NO. 03-0263477

ENFORCEMENT ACTION FOR ALLEGED VIOLATIONS COMMITTED BY COPPERHEAD OPERATING, LLC (177350), AS TO THE S.I.G. MEYER LEASE, WELL NO. 1 (168869), NEEDVILLE N. (VICKSBURG) FIELD, FORT BEND COUNTY, TEXAS

FINAL ORDER

The Commission finds that after statutory notice the captioned enforcement proceeding was heard by the examiner on May 2, 2013, and that the respondent, Copperhead Operating, LLC (177350), failed to appear or respond to the Notice of Opportunity for Hearing. Pursuant to § 1.49 of the Commission's General Rules of Practice and Procedure [Tex. R. R. Comm'n, 16 TEX. ADMIN. CODE § 1.49] and after being duly submitted to the Railroad Commission of Texas at conference held in its offices in Austin, Texas, the Commission makes the following findings of fact and conclusions of law.

FINDINGS OF FACT

1. Copperhead Operating, LLC (177350), ("Respondent"), was given Notice of Opportunity for Hearing by certified mail, addressed to the most recent Form P-5 (Organization Report) address, which was signed and returned to the Commission.
2. The electronic certified receipt containing the Original Complaint and the Notice of Opportunity for Hearing, was signed on March 25, 2013. The certified signature receipt is included in the file and has been on file with the Commission for 15 days, exclusive of the day of receipt and day of issuance.
3. On November 14, 2007, Respondent, filed an Organization Report (Form P-5) with the Commission reporting that its officers consisted of the following individual(s): Paul Russell; President.
4. Paul Russell, was a person in a position of ownership or control of respondent, as defined by Texas Natural Resources Code Section 91.114, during the time period of the violations of Commission rules committed by respondent.

5. The violations of Commission rules committed by respondent are related to safety and the control of pollution.
6. Respondent designated itself to the Commission as the operator of Well No. 1 (168869) on the S.I.G. Meyer Lease ("subject well"/"subject lease") by filing a P-4 Form (Producers Transportation Authority and Certificate of Compliance) effective on November 1, 2007.
7. Respondent's P-5 (Organization Report) became delinquent on November 1, 2008. Respondent had \$25,000 cash as its financial assurance at the time of its last P-5 renewal.
8. Commission District inspections were conducted on August 10, 2009, September 9, 2009 and September 30, 2009 for the S.I.G. Meyer Lease. The signs or identification required to be posted at the lease entrance, well and tank were missing. On February 9, 2013, Well No. 1 (168869) was plugged using State Funds making time out of compliance with Commission rules from August 2009 to February 2013.
9. Failure to properly identify a well by the posting of the sign required by Statewide Rule 3 has the potential for causing confusion and delay in remedying a violation or emergency and poses a threat to the public health and safety.
10. Production from the subject wells ceased in February 2002.
11. The Statewide 14(b)(2) extension for Well No.1 (168869) on the S.I.G. Meyer Lease was denied on April 28, 2006 for an inactive P-5 status.
12. On February 9, 2013, Well No. 1 (168869) was plugged using State Funds, making time out of compliance with Commission rules from August 2009 to February 2013.
13. Usable quality groundwater could have been contaminated by migrations or discharges of saltwater and other oil and gas wastes from the subject well. Unplugged wellbores constitute a cognizable threat to the public health and safety because of the potential for pollution.
14. The Railroad Commission has spent \$17,487.50 plugging the S.I.G. Meyer Lease, Well No. 1 (168869). The Railroad Commission seeks reimbursement of these amounts in this proceeding.
15. The Respondent did not demonstrate good faith since it failed to timely plug or otherwise place the subject lease and subject well in compliance after being notified of the violations by the District Office and failed to appear at the hearing to explain its inaction.

CONCLUSIONS OF LAW

1. Proper notice was issued by the Railroad Commission to respondent and to all other appropriate persons legally entitled to notice.

2. All things necessary to the Commission attaining jurisdiction over the subject matter and the parties in this hearing have been performed or have occurred.
3. Respondent was in violation of Commission Statewide Rules 3 and 14(b)(2).
4. Respondent was responsible for maintaining the subject lease in compliance with Statewide Rule 3, which requires that each property that produces oil, gas or geothermal resources and each oil, gas or geothermal resources well and tank, or other approved crude oil measuring facility shall post signs or identification.
5. Respondent was responsible for maintaining the subject lease and subject well in compliance with all applicable Commission rules according to Statewide Rules 14, 58, and 79 and Chapters 89 and 91 of the Texas Natural Resources Code.
6. The documented violations committed by the respondent constitute acts deemed serious, a hazard to the public health, and demonstrate a lack of good faith pursuant to TEX. NAT. RES. CODE ANN. §81.0531.
7. As a person in a position of ownership or control of respondent at the time respondent violated Commission rules related to safety and the control of pollution, Paul Russell, and any other organization in which he may hold a position of ownership or control, shall be subject to the restrictions of Texas Natural Resource Code Section 91.114(a)(2) for a period of no more than seven years from the date the order entered in this matter becomes final, or until the conditions that constituted the violations herein are corrected or are being corrected in accordance with a schedule to which the Commission and the organization have agreed; and all administrative, civil, and criminal penalties and all cleanup and plugging costs incurred by the State relating to those conditions are paid or are being paid in accordance with a schedule to which the Commission and the organization have agreed, whichever is earlier.
8. The Commission was authorized to plug the subject well and is entitled to reimbursement for State Funds expended pursuant to TEX. NAT. RES. CODE §89.043, 89.046 and 89.083.

IT IS ORDERED THAT within 30 days from the day immediately following the date this order becomes final:

1. Copperhead Operating, LLC (177350), shall pay to the Railroad Commission of Texas, for disposition as provided by law, an administrative penalty in the amount of **TWO THOUSAND SEVEN HUNDRED FIFTY DOLLARS (\$2,750.00)** and **REIMBURSE STATE FUNDS in the amount of SEVENTEEN THOUSAND FOUR HUNDRED EIGHTY SEVEN DOLLARS AND FIFTY CENTS (\$17,487.50)**.

It is further **ORDERED** by the Commission that this order shall not be final and effective until 20 days after a party is notified of the Commission's order. A party is presumed to have been notified of the Commission's order three days after the date on which the notice is actually mailed. If a timely motion for rehearing is filed by any party at interest, this order shall not become final and effective until such motion is overruled, or if such motion is granted, this order shall be subject to further action by the Commission. Pursuant to TEX. GOV'T CODE § 2001.146(e), the time allotted for Commission action on a motion for rehearing in this case prior to its being overruled by operation of law, is hereby extended until 90 days from the date the parties are notified of the order.

All requested findings of fact and conclusions of law which are not expressly adopted herein are denied. All pending motions and requests for relief not previously granted or granted herein are denied.

Noncompliance with the provisions of this order is subject to enforcement by the Attorney General and subject to civil penalties of up to \$10,000.00 per day per violation.

Done this 26th day of November 2013.
