---

**FINAL ORDER**

The Commission finds that after statutory notice the captioned enforcement proceeding was heard by the examiner on May 10, 2012 and that the respondent, Oasis Petroleum, LLC (617483), failed to appear or respond to the Notice of Opportunity for Hearing. Pursuant to § 1.49 of the Commission's General Rules of Practice and Procedure [Tex. R. R. Comm'n, 16 TEX. ADMIN. CODE § 1.49] and after being duly submitted to the Railroad Commission of Texas at conference held in its offices in Austin, Texas, the Commission makes the following findings of fact and conclusions of law.

**FINDINGS OF FACT**

1. Oasis Petroleum, LLC (617483), ("Respondent") was given a Notice of Opportunity for Hearing by certified mail, addressed to the most recent P-5 address on the Form P-5 Organization Report.
2. The returned certified receipt containing the Original Complaint and the Notice of Opportunity for Hearing mailed to Respondent's most recent P-5 address, was signed for on March 5, 2012. The electronic certification has been on file with the Commission for 15 days, exclusive of the day of receipt and day of issuance.
3. On July 3, 2008, Respondent, filed an Organization Report (Form P-5) with the Commission reporting that its officers consisted of the following individual(s): James Russell Cleveland; Manager.
4. James Russell Cleveland, was in a position of ownership or control of respondent, as defined by Texas Natural Resources Code Section 91.114, during the time period of the violations of Commission rules committed by respondent.
5. The violations of Commission rules committed by respondent are related to safety and the control of pollution.
6. Respondent designated itself to the Commission as the operator of Well No. 1 on the S.I.G. Vallet (162945) Lease ("subject well"/"subject lease") by filing a P-4 Form (Producer's Transportation Authority and Certificate of Authority) effective on July 1, 2008.

7. Commission records indicate that Respondent's Form P-5 (Organization Report) became delinquent on April 1, 2009. Respondent had \$25,000.00 cash as its financial assurance at the time of its last P-5 renewal.
8. Production from Well No. 1 on the S.I.G. Vallet (162945) Lease ceased in July 2005.
9. The subject well has not been properly plugged in accordance with, and is not otherwise in compliance with, Statewide Rule 14.
10. The Statewide Rule 14b2 extension for Well No. 1 on the S.I.G. Vallet (162945) Lease was denied on April 30, 2008 for an inactive P-5 (Organization Report).

13. Commission District inspections were conducted on September 9, 2009, September 30, 2009 and October 20, 2009 for the S.I.G. Vallet Lease. The signs or identification required to be posted at the lease entrance and at Well No. 1 (162945) were missing.
14. Failure to properly identify a well by the posting of the sign required by Statewide Rule 3 has the potential for causing confusion and delay in remedying a violation or emergency and poses a threat to the public health and safety.
15. Commission District inspections were conducted on September 30, 2009 and October 20, 2009 for the S.I.G. Vallet (162945) Lease, Well No. 1. Respondent failed to erect a firewall around the tank battery.
16. The Respondent did not demonstrate good faith since it failed to plug or otherwise place the subject lease and well in compliance after being notified of the violations by the District Office and failed to appear at the hearing to explain its inaction.
17. Respondent has a prior history of Commission rule violations including the following docket(s):  
  
Docket No. 03-0259769; Final Order Signed: March 31, 2009; and
