**ENFORCEMENT ACTION FOR ALLEGED VIOLATIONS COMMITTED BY STELLAR EXPLORATION & PROD., INC. (817306), AS TO THE BROWN "B" LEASE, WELL NO. 2 (644672), WILDCAT FIELD, WASHINGTON COUNTY, TEXAS**

---

**FINAL ORDER**

The Commission finds that after statutory notice the captioned enforcement proceeding was heard by the examiner on December 20, 2012, and that the respondent, Stellar Exploration & Prod., Inc. (817306), failed to appear or respond to the Notice of Opportunity for Hearing. Pursuant to § 1.49 of the Commission's General Rules of Practice and Procedure [Tex. R. R. Comm'n, 16 TEX. ADMIN. CODE § 1.49] and after being duly submitted to the Railroad Commission of Texas at conference held in its offices in Austin, Texas, the Commission makes the following findings of fact and conclusions of law.

**FINDINGS OF FACT**

1. Stellar Exploration & Prod., Inc. (817306), ("Respondent"), was given Notice of Opportunity for Hearing by certified mail, addressed to the most recent Form P-5 (Organization Report) address, which was returned to the Commission.
2. The returned certified envelope containing the Original Complaint and the Notice of Opportunity for Hearing, was returned to the Commission marked "return to sender" on October 29, 2012. The certified envelope has been on file with the Commission for 15 days, exclusive of the day of receipt and day of issuance.
3. On March 11, 2010, Respondent, a Corporation, filed an Organization Report (Form P-5) with the Commission reporting that its officers consisted of the following individual(s): William Louis Roney, Jr.; President..
4. William Louis Roney, Jr., was a person in a position of ownership or control of respondent, as defined by Texas Natural Resources Code Section 91.114, during the time period of the violations of Commission rules committed by respondent.
5. The violations of Commission rules committed by respondent are related to safety and the control of pollution.

6. Stellar Exploration & Prod., Inc. (817306), Respondent designated itself to the Commission as the operator of Well No. 2 (644672) on the Brown "B" Lease ("subject well"/"subject lease") by filing a Form W-1 (Application to Drill, Deepen, Plug Back or Re-Enter) with the Commission on August 20, 2007, issued August 22, 2007.
7. Stellar Exploration & Prod., Inc. (817306), Respondent's P-5 (Organization Report) became delinquent on March 1, 2011. Respondent had \$25,000 cash as its financial assurance at the time of its last P-5 renewal.
8. A Commission District inspection was conducted on September 29, 2010 for the Brown "B" Lease, Well No. 2 (644672). Drilling Operations were completed as the well is equipped with a pump jack. In addition, an open drilling pit measuring approximately 60' x 8' x 6' deep was found at the well. Follow up inspections were conducted on December 29, 2010, February 10, 2011, April 29, 2011 and August 21, 2012 indicating that the pit remains open. The November 15, 2012 inspection indicates the pit is open and is approximately 100' x 10' x 5'.
9. Unfilled pits constitute a hazard to public health and safety because of the potential for illegal dumping in the pits and the potential for surface run-off to collect in the pit and seep into subsurface waters.
10. A Commission District inspection was conducted on September 29, 2010 for the Brown "B" Lease, Well No. 2 (644672). Drilling operations were completed and the well is equipped with a pump jack. Despite completion of the well, Respondent has failed to file the requisite plugging report.
11. The Respondent has not demonstrated good faith since it failed to timely plug or otherwise place the subject lease and subject well in compliance after being notified of the violations by the District Office and failed to appear at the hearing to explain its inaction.
