OFFICE OF GENERAL COUNSEL
HEARINGS SECTION**

OIL AND GAS DOCKET NO. 04-0255075

**ENFORCEMENT ACTION FOR ALLEGED VIOLATIONS COMMITTED BY PETROGEN,
INCORPORATED (660277), AS TO THE TILLER RANCH LEASE, WELL NO. 2 (226830), TOM
GRAHAM (5300) FIELD, JIM WELLS COUNTY, TEXAS**

FINAL ORDER

The Commission finds that after statutory notice the captioned enforcement proceeding was heard by the examiner on November 6, 2008, and that the respondent, Petrogen, Incorporated (660277), failed to appear or respond to the Notice of Hearing. Pursuant to § 1.49 of the Commission's General Rules of Practice and Procedure [Tex. R. R. Comm'n, 16 TEX. ADMIN. CODE § 1.49] and after being duly submitted to the Railroad Commission of Texas at conference held in its offices in Austin, Texas, the Commission makes the following findings of fact and conclusions of law.

FINDINGS OF FACT

1. Petrogen, Incorporated (660277), ("Respondent") was given Notice of Hearing by certified mail, addressed to the most recent P-5 address on the Form P-5 Organization Report, which was signed and returned to the Commission.
2. The returned certified receipt (green card) that was attached to the Original Complaint and the Notice of Hearing mailed to Respondent's most recent P-5 address was signed and returned to the Commission on September 26, 2008. The certified receipt has been on file with the Commission for 15 days, exclusive of the day of receipt and day of issuance.
3. On September 6, 2007, Respondent, a Corporation, filed an Organization Report (Form P-5) with the Commission reporting that its officers consisted of the following individual(s): Sacha Spindler, Chairman; Soumitra Sam Sen, President; and Justin D. Perryman, Director.
4. Sacha Spindler, was a person in a position of ownership or control of respondent, as defined by Texas Natural Resources Code Section 91.114, during the time period of the violations of Commission rules committed by respondent.
5. Soumitra Sam Sen, was a person in a position of ownership or control of respondent, as defined by Texas Natural Resources Code Section 91.114, during the time period of the violations of Commission rules committed by respondent.

6. Justin D. Perryman, was a person in a position of ownership or control of respondent, as defined by Texas Natural Resources Code Section 91.114, during the time period of the violations of Commission rules committed by respondent.
7. The violations of Commission rules committed by respondent are related to safety and the control of pollution.
8. Respondent designated itself to the Commission as the operator of Well No. 2 (226830) on the Tiller Ranch Lease ("subject well"/"subject lease") by filing a Form P-4 (Producer's Transportation Authority and Certificate of Compliance) with the Commission effective on March 18, 2006.
9. According to Commission records the Respondent's Form P-5 (Organization Report) is active. Respondent has \$25,000.00 cash as its financial assurance.
10. According to Commission records, drilling operations on Well No. 2 (226830) on the Tiller Ranch Lease ceased February 18, 2006. Commission District inspections conducted on June 21, 2007 and July 12, 2007 for the Tiller Ranch Lease, Well No. 2 (226830), revealed an open reserve pit measuring approximately 150' x 150' x 3' deep and an open drilling pit measuring approximately 75' x 10' x 2' deep at the subject well.
11. Unfilled pits constitute a hazard to public health and safety because of the potential for illegal dumping in the pits and the potential for surface run-off to collect in the pit and seep into subsurface waters.
12. The Respondent has not demonstrated good faith since it failed to timely plug or otherwise place the subject lease and subject well in compliance after being notified of the violations by the District Office and failed to appear at the hearing to explain its inaction.

CONCLUSIONS OF LAW

2. All things necessary to the Commission attaining jurisdiction over the subject matter and the parties in this hearing have been performed or have occurred.
3. Respondent is in violation of Commission Statewide Rule 8(d)(4)(G)(i)(I).
4. Respondent is responsible for maintaining the subject lease in compliance with Statewide Rule 8(d)(4)(G)(i)(I), which requires reserve pits and mud circulation pits to be dewatered, backfilled and compacted within one year of cessation of drilling operations.
5. Respondent is responsible for maintaining the subject lease and subject well in compliance with all applicable Commission rules according to Statewide Rules 14, 58, and 79 and Chapters 89 and 91 of the Texas Natural Resources Code.
6. The documented violations committed by the respondent constitute acts deemed serious, a hazard to the public health, and demonstrate a lack of good faith pursuant to TEX. NAT.
