FINAL ORDER

The Commission finds that after statutory notice the captioned enforcement proceeding was heard by the examiner on August 22, 2013, and that the respondent, Momentum Production Corp. (574329), failed to appear or respond to the Notice of Hearing. Pursuant to § 1.49 of the Commission's General Rules of Practice and Procedure [Tex. R. R. Comm'n, 16 TEX. ADMIN. CODE § 1.49] and after being duly submitted to the Railroad Commission of Texas at conference held in its offices in Austin, Texas, the Commission makes the following findings of fact and conclusions of law.

FINDINGS OF FACT

1. Momentum Production Corp. (574329), ("Respondent"), was given Notice of Hearing by certified mail, addressed to the most recent Form P-5 (Organization Report) address, which was returned to Commission.
2. The returned certified receipt envelope containing the Original Complaint and the Notice of Hearing, was returned to the Commission marked "return to sender, attempted not known" on July 25, 2013. The returned certified envelope is included in the file and has been on file with the Commission for 15 days, exclusive of the day of receipt and day of issuance.
3. On July 30, 2010, Respondent, a Corporation, filed an Organization Report (Form P-5) with the Commission reporting that its officers consisted of the following individual(s): Richard M. Plato, President; and James C. Plato, President.
4. Richard M. Plato, was a person in a position of ownership or control of respondent, as defined by Texas Natural Resources Code Section 91.114, during the time period of the violations of Commission rules committed by respondent.

5. James C. Plato, was a person in a position of ownership or control of respondent, as defined by Texas Natural Resources Code Section 91.114, during the time period of the violations of Commission rules committed by respondent.
6. The violations of Commission rules committed by respondent are related to safety and the control of pollution.
7. Respondent designated itself to the Commission as the operator of Well No. 5 F on the Aderhold Unit (105843) Lease ("subject well"/"subject lease") by filing a P-4 Form (Producer's Transportation Authority and Certificate of Compliance) effective on April 1, 2003.
8. Respondent's P-5 (Organization Report) became delinquent on September 1, 2011. Respondent had \$50,000 cash as its financial assurance at the time of its last P-5 renewal.
9. Production from Well No. 5 F on the Aderhold Unit (105843) Lease ceased production in November 2004.

11. The 14b2 plugging extension for Well No. 5 F on the Aderhold Unit (105843) Lease was denied on August 2, 2007 for failure to file an H-15 (Test On An Inactive Well More Than 25 Years Old).
12. Usable quality groundwater is likely to be contaminated by migrations or discharges of saltwater and other oil and gas wastes from the subject well. Unplugged wellbores constitute a cognizable threat to the public health and safety because of the potential for pollution.
13. The estimated cost to the State for plugging Well No. 5 F on the Aderhold Unit (105843) Lease is \$23,300.00.
14. Commission records indicate no Form H-15 (Test On An Inactive Well More Than 25 Years Old) has been filed and approved for the Aderhold Unit (105843) Lease, Well No. 5 F. Commission records further show that the Aderhold Unit (105843) Lease, Well No. 5 F was completed on May 9, 1980, and a H-15 test was due in May 2006. The well has not been plugged.
15. The Respondent has not demonstrated good faith since it failed to timely plug or otherwise place the subject leases and subject well in compliance after being notified of the violations by the District Office and failed to appear at the hearing to explain its inaction.
16. Respondent has a prior history of Commission rule violations including the following docket(s):

Docket No. 03-0244984; Final Order Served: April 26, 2007; and
