FIELD, HOUSTON, COUNTY, TEXAS**

---

**FINAL ORDER**

The Commission finds that after statutory notice the captioned enforcement proceeding was heard by the examiner on December 11, 2003, and that the respondent, Accidie Exploration and Dev., Inc. (003399), failed to appear or respond to the notice. Pursuant to § 1.49 of the Commission's General Rules of Practice and Procedure [Tex. R. R. Comm'n, 16 TEX. ADMIN. CODE § 1.49] and after being duly submitted to the Railroad Commission of Texas at conference held in its offices in Austin, Texas, the Commission makes the following findings of fact and conclusions of law.

**FINDINGS OF FACT**

1. Accidie Exploration and Dev., Inc. (003399), ("Respondent") was given Notice of Hearing by certified mail, addressed to the most recent P-5 address on the Form P-5 Organization Report, which was signed and returned to the Commission.
2. The returned certified receipt (green card) that was attached to the Original Complaint and the Notice of Hearing was signed and returned to the Commission on November 7, 2003. The certified receipt has been on file with the Commission for 15 days, exclusive of the day of receipt and day of issuance.
3. On February 26, 2002, Respondent, a Corporation, filed an Organization Report (Form P-5) with the Commission reporting that its officers consisted of the following individual(s): Mike Klickman; President.
4. Respondent designated itself to the Commission as the operator of Well Nos. 1 (118212) and 2 (117330) on the Dailey "A" Lease ("subject wells"/"subject lease") by filing a Form P-4 (Producer's Transportation Authority and Certificate of Compliance) with the Commission effective on November 1, 1999 for both of the subject wells and subject lease.
5. According to Commission records the Respondent's Form P-5 (Organization Report) became delinquent on December 1, 2003. Respondent had a \$25,000 Letter of Credit as its Financial Assurance at the time of its last Form P-5 renewal.

6. Well No. 1 (118212) on the Dailey "A" Lease ceased production on or before May 31, 1996. Well No. 2 (117330) on the Dailey "A" Lease ceased production on or before May 31, 1994.
7. The subject wells have not been properly plugged in accordance with, and are not otherwise in compliance with, Statewide Rule 14.
8. Usable quality groundwater in the area is likely to be contaminated by migrations or discharges of saltwater and other oil and gas wastes from the subject wells. Unplugged wellbores constitute a cognizable threat to the public health and safety because of the probability of pollution.
9. The estimated cost to the State of plugging the subject wells is \$11,00.00 for Well No 1 (118212) and \$43,300.00 for Well No. 2 (117330).
10. The Respondent has not demonstrated good faith since it failed to plug or otherwise place the subject lease and subject wells in compliance with Commission rules after being notified of the violations by the District Office and failed to appear at the hearing to explain its inaction.

#### **CONCLUSIONS OF LAW**

1. Proper notice was issued by the Railroad Commission to respondent and to all other appropriate persons legally entitled to notice.
2. All things necessary to the Commission attaining jurisdiction over the subject matter and the parties in this hearing have been performed or have occurred.
3. Respondent is in violation of Commission Statewide Rule 14(b)(2).
4. Respondent is responsible for maintaining the subject lease in compliance with all applicable Commission rules and for properly plugging the subject wells according to Statewide Rules 14, 58, and 79 and Chapters 89 and 91 of the Texas Natural Resources Code.
5. The documented violations committed by the respondent constitute acts deemed serious, a hazard to the public health, and demonstrate a lack of good faith pursuant to TEX. NAT. RES. CODE ANN. §81.0531(c) (Vernon 2001).
