OFFICE OF GENERAL COUNSEL
OIL AND GAS SECTION**

OIL AND GAS DOCKET NO. 7B-0232755

ENFORCEMENT ACTION FOR ALLEGED VIOLATIONS COMMITTED BY CARRLAND OIL & GAS INC. (135810), AS TO THE HOWLS, J.P. (10956) LEASE, WELL NOS. 2 AND 4, JONES COUNTY REGULAR FIELD, JONES COUNTY, TEXAS

FINAL ORDER

The Commission finds that after statutory notice the captioned enforcement proceeding was heard by the examiner on January 27, 2003, and that the respondent, Carrland Oil & Gas Inc. (135810), failed to appear or respond to the notice. Pursuant to § 1.49 of the Commission's General Rules of Practice and Procedure [Tex. R. R. Comm'n, 16 TEX. ADMIN. CODE § 1.49] and after being duly submitted to the Railroad Commission of Texas at conference held in its offices in Austin, Texas, the Commission makes the following findings of fact and conclusions of law.

FINDINGS OF FACT

1. Carrland Oil & Gas Inc. (135810), ("respondent") was given Notice of Opportunity for Hearing by certified mail, addressed to the most recent P-5 address on the Form P-5 Organization Report, which was signed and returned to the Commission.
2. The returned certified receipt (green card) that was attached to the Original Complaint and the Notice of Hearing Opportunity was signed and returned to the Commission on December 3, 2002. The certified receipt has been on file with the Commission for 15 days, exclusive of the day of receipt and day of issuance.
3. On September 12, 2000, Respondent, a Corporation, filed an Organization Report (Form P-5) with the Commission reporting that its officers consisted of the following individual(s): Royce Ernest Carr; President.
4. Respondent designated itself to the Commission as the operator of Well Nos. 2W and 4 on the Howle, J.P. (10956) Lease ("subject wells"/"subject lease") by filing a Form P-4 (Producer's Transportation Authority and Certificate of Compliance) with the Commission effective on October 1, 1989.
5. According to Commission records the Respondent's Form P-5 (Organization Report) became delinquent on August 1, 2001. Respondent paid a fee of \$1,500.00 as financial assurance at the time of its last Form P-5 renewal.

6. Well No. 4 ceased production on or before January 31, 2001 and Well No. 2W ceased injection activity on or before October 31, 1999.
7. The subject wells have not been properly plugged in accordance with, and are not otherwise in compliance with, Statewide Rule 14.
8. Usable quality groundwater in the area is likely to be contaminated by migrations or discharges of saltwater and other oil and gas wastes from the subject wells. Unplugged wellbores constitute a cognizable threat to the public health and safety because of the probability of pollution.
9. The estimated cost to the State of plugging the subject wells is \$4,800.00.
10. Commission district office inspections were conducted on June 10, 2002, July 16, 2002 and September 3, 2002 for the Howle, J.P. (10956) Lease. Respondent had caused or allowed oil pollution around Well No. 4 affecting an area measuring 25' x 15' x 6" deep and oil pollution around the gunbarrel measuring 10' x 9' 3" deep. The inspector noted no visible leaks or freestanding fluid.
11. No permit has been issued to Respondent for the discharge of oil and gas wastes on or from the subject lease.
12. The unpermitted discharges of oil and gas wastes or other substances or materials on the subject lease constitute a hazard to public health and safety because leaks and spills of oil and produced waters onto soils can migrate into surface water bodies causing contamination, leaching into the ground, and percolation through soils into groundwater supplies.
13. The Respondent has not demonstrated good faith since it failed to plug or otherwise place the subject lease and the subject wells in compliance after being notified of the violations by the District Office and failed to appear at the hearing to explain its inaction.

CONCLUSIONS OF LAW

1. Proper notice was issued by the Railroad Commission to respondent and to all other appropriate persons legally entitled to notice.
2. All things necessary to the Commission attaining jurisdiction over the subject matter and the parties in this hearing have been performed or have occurred.
3. Respondent is in violation of Commission Statewide Rules 8(d)(1) and 14(b)(2).
4. Respondent is responsible for maintaining the subject lease in compliance with Rule 8(d)(1), which prohibits the discharge of oil and gas wastes without a permit.
5. Respondent is responsible for maintaining the subject lease in compliance with all applicable Commission rules and for properly plugging the subject wells according to Statewide Rules 14, 58, and 79 and Chapters 89 and 91 of the Texas Natural Resources Code.

6. The documented violations committed by the respondent constitute acts deemed serious, a hazard to the public health, and demonstrate a lack of good faith pursuant to TEX. NAT. RES. CODE ANN. §81.0531(c) (Vernon 2001).

IT IS ORDERED THAT within 30 days from the day immediately following the date this order becomes final:
