

**RAILROAD COMMISSION OF TEXAS  
OFFICE OF GENERAL COUNSEL**

**OIL AND GAS DOCKET  
NO. 04-0247829**

**IN THE PEDERNAL (QUEEN CITY)  
FIELD, STARR COUNTY, TEXAS**

**FINAL ORDER  
ESTABLISHING THE MOST EFFICIENT RATE OF PRODUCTION  
FOR THE EL LIEBRE WELL NO. 1  
PEDERNAL (QUEEN CITY) FIELD  
STARR COUNTY, TEXAS**

The Commission finds that after statutory notice in the above-numbered docket heard on July 24 2006, the presiding examiner has made and filed a report and recommendation containing findings of fact and conclusions of law, for which service was not required; that the proposed application is in compliance with all statutory requirements; and that this proceeding was duly submitted to the Railroad Commission of Texas at conference held in its offices in Austin, Texas.

The Commission, after review and due consideration of the examiner's report and recommendation, the findings of fact and conclusions of law contained therein, hereby adopts as its own the findings of fact and conclusions of law contained therein, and incorporates said findings of fact and conclusions of law as if fully set out and separately stated herein.

Therefore, it is ordered by the Railroad Commission of Texas that the most efficient rate of production at the current time for the Bommer Engineering Co. - El Liebre (13349) Well No. 1 in the Pedernal (Queen City) Field, Starr County, Texas is established at 160 BOPD. It is further ordered that all overproduction for the subject lease is hereby canceled.

Done this 12<sup>th</sup> day of September, 2006.
