OFFICE OF GENERAL COUNSEL  
HEARINGS SECTION**

**OIL AND GAS DOCKET NO. 7B-0267691**

**ENFORCEMENT ACTION FOR ALLEGED VIOLATIONS COMMITTED BY WHITE, OSCAR, SOLE PROPRIETOR (918560), AS TO THE DAVIS, EDGAR (11565) LEASE, WELL NO. 1, EDGAR (FRY UPPER) FIELD, TAYLOR COUNTY, TEXAS**

---

**FINAL ORDER**

The Commission finds that after statutory notice the captioned enforcement proceeding was heard by the examiner on January 13, 2011 and that the respondent, White, Oscar, Sole Proprietor (918560), failed to appear or respond to the Notice of Opportunity for Hearing. Pursuant to § 1.49 of the Commission's General Rules of Practice and Procedure [Tex. R. R. Comm'n, 16 TEX. ADMIN. CODE § 1.49] and after being duly submitted to the Railroad Commission of Texas at conference held in its offices in Austin, Texas, the Commission makes the following findings of fact and conclusions of law.

**FINDINGS OF FACT**

1. White, Oscar, Sole Proprietor (918560), ("Respondent") was given Notice of Opportunity for Hearing by certified mail, addressed to the most recent P-5 address on the Form P-5 Organization Report.
2. The returned certified receipt containing the Original Complaint and the Notice of Opportunity for Hearing mailed to Respondent's most recent P-5 address, with confirmation of delivery and signature on November 18, 2010. The confirmation has been on file with the Commission for 15 days, exclusive of the day of receipt and day of issuance.
3. On October 29, 2008, Respondent, Sole Proprietorship, filed an Organization Report (Form P-5) with the Commission reporting that its owner consisted of the following individual(s): Oscar White; Owner.
4. Oscar White, as sole proprietor, was in a position of ownership or control of respondent, as defined by Texas Natural Resources Code Section 91.114, during the time period of the violations of Commission rules committed by respondent.
5. The violations of Commission rules committed by respondent are related to safety and the control of pollution.

6. Respondent designated itself to the Commission as the operator of Well No. 1 on the Davis, Edgar (11565) Lease ("subject well"/"subject lease") by filing a P-4 Form (Producers Transportation Authority and Certificate of Compliance) with the Commission effective on April 1, 2007.
7. Commission records indicate that Respondent's Form P-5 (Organization Report) became delinquent on December 1, 2009. Respondent had \$19,702.00 cash as its financial assurance at the time of its last P-5 renewal.
8. The subject well ceased production in February 2004.
9. The subject well has not been properly plugged in accordance with, and is not otherwise in compliance with, Statewide Rule 14.
10. Usable quality groundwater in the area is likely to be contaminated by migrations or discharges of saltwater and other oil and gas wastes from the subject well. Unplugged wellbores constitute a cognizable threat to the public health and safety because of the probability of pollution.
11. The estimated cost to the State of plugging the subject well is \$17,600.00.
12. Commission District office inspections were conducted on April 7, 2010, May 18, 2010 and July 19, 2010 for the Davis, Edgar (11565) Lease. Well No. 1 has tubing open to the atmosphere.
13. Maintenance of surface control by wellhead assemblies is necessary to prevent the discharge of oil and gas wastes on the subject lease constituting a hazard to public health and safety because the discharges of oil and gas wastes onto land surface can migrate into surface or subsurface waters.
14. A Commission inspection conducted on November 29, 2010 indicated that the tubing on Well No. 1 has been shut in with a 2" valve and is now in compliance. The time out of compliance was from April 7, 2010 to November 29, 2010.
15. Commission records show that Well No. 1 of the Davis, Edgar (11565) Lease was completed in August 1971, is more than 25 years old and inactive. Commission records further indicate the subject well was due for a fluid level or hydraulic pressure test in February 2010. Respondent had failed to test or plug the well.
16. The Respondent has not demonstrated good faith since it failed to plug or otherwise place the subject lease and well in compliance after being notified of the violations by the District Office and failed to appear at the hearing to explain its inaction.

## **CONCLUSIONS OF LAW**

6. Respondent is responsible for maintaining the subject lease and subject well in compliance with all applicable Commission rules according to Statewide Rules 14, 58, and 79 and Chapters 89 and 91 of the Texas Natural Resources Code.
7. The documented violations committed by the respondent constitute acts deemed serious, a hazard to the public health, and demonstrate a lack of good faith pursuant to TEX. NAT. RES. CODE ANN. §81.0531.
8. As a person in a position of ownership or control of respondent at the time respondent violated Commission rules related to safety and the control of pollution, Oscar White and any other organization in which he may hold a position of ownership or control, shall be subject to the restrictions of Texas Natural Resource Code Section 91.114(a)(2) for a period of no more than seven years from the date the order entered in this matter becomes final, or until the conditions that constituted the violations herein are corrected or are being corrected in accordance with a schedule to which the Commission and the organization have agreed; and all administrative, civil, and criminal penalties and all cleanup and plugging costs incurred by the State relating to those conditions are paid or are being paid in accordance with a schedule to which the Commission and the organization have agreed, whichever is earlier.
