

**RAILROAD COMMISSION OF TEXAS
OFFICE OF GENERAL COUNSEL
HEARINGS SECTION**

OIL AND GAS DOCKET NO. 09-0238567

**ENFORCEMENT ACTION FOR ALLEGED VIOLATIONS COMMITTED BY GARY RUCKER,
SOLE PROPRIETOR (733220), AS TO THE ROLLER ESTATE (19962) LEASE, WELL NO. 6A,
WICHITA COUNTY REGULAR FIELD, WICHITA COUNTY, TEXAS**

FINAL ORDER

The Commission finds that after statutory notice the captioned enforcement proceeding was heard by the examiner on July 8, 2004, and that the respondent, Gary Rucker, Sole Proprietor (733220), failed to appear or respond to the notice. Pursuant to § 1.49 of the Commission's General Rules of Practice and Procedure [Tex. R. R. Comm'n, 16 TEX. ADMIN. CODE § 1.49] and after being duly submitted to the Railroad Commission of Texas at conference held in its offices in Austin, Texas, the Commission makes the following findings of fact and conclusions of law.

FINDINGS OF FACT

1. Gary Rucker, Sole Proprietor (733220), ("Respondent") was given Notice of Hearing by certified mail, addressed to the most recent P-5 address on the Form P-5 Organization Report, which was signed and returned to the Commission.
2. The returned certified receipt (green card) that was attached to the Original Complaint and the Notice of Hearing was signed and returned to the Commission on May 31, 2004. The certified receipt has been on file with the Commission for 15 days, exclusive of the day of receipt and day of issuance.
3. Gary Rucker, as sole proprietor, was a person in a position of ownership or control of respondent, as defined by Texas Natural Resources Code Section 91.114, during the time period of the violations of Commission rules committed by respondent.
4. The violations of Commission rules committed by respondent are related to safety and the control of pollution.
5. Respondent designated itself to the Commission as the operator of Well No. 6A on the Roller Estate (19962) Lease ("subject well"/"subject lease") by filing a Form P-4 (Producers Transportation Authority and Certificate of Compliance) with the Commission effective on February 1, 1993.

6. According to Commission records the Respondent's Form P-5 (Organization Report) became inactive on August 4, 2003. Respondent had a \$24,618 Letter of Credit as its Financial Assurance at the time of its last P-5 renewal.
7. Commission District inspection reports made on September 3, 2002, March 21, 2003, April 17, 2003 and August 29, 2003 for the Roller Estate (19962) Lease showed that Well No. 6A was being used as an injection well but that Respondent had not obtained a permit.
8. Usable quality groundwater in the area could have been contaminated by migrations or discharges of saltwater and other oil and gas wastes from the subject well. Unplugged wellbores constitute a cognizable threat to the public health and safety because of the probability of pollution.
9. The Respondent did not demonstrate good faith since it failed to plug or otherwise place the subject lease and subject well in compliance after being notified of the violations by the District Office and failed to appear at the hearing to explain its inaction.
10. The Roller Estate (19962) Lease was transferred by Commission Form P-4 (Producers Transportation Authority and Certificate of Compliance) to H&H Production (340920) effective on January 1, 2004.

CONCLUSIONS OF LAW

1. Proper notice was issued by the Railroad Commission to respondent and to all other appropriate persons legally entitled to notice.
2. All things necessary to the Commission attaining jurisdiction over the subject matter and the parties in this hearing have been performed or have occurred.
3. Respondent was in violation of Commission Statewide Rule 46(a).
4. Respondent was responsible for maintaining the subject lease in compliance with Rule 46(a), which requires any person who engages in fluid injection operations in reservoirs productive of oil, gas or geothermal resources must first obtain a permit.
5. As a person in a position of ownership or control of respondent at the time respondent violated Commission rules related to safety and the control of pollution, Gary Rucker, and any other organization in which he may hold a position of ownership or control, shall be subject to the restrictions of Texas Natural Resource Code Section 91.114(a)(2) for a period of no more than seven years from the date the order entered in this matter becomes final, or until the conditions that constituted the violations herein are corrected or are being corrected in accordance with a schedule to which the Commission and the organization have agreed; and all administrative, civil, and criminal penalties and all cleanup and plugging costs incurred by the State relating to those conditions are paid or are being paid in accordance with a schedule to which the Commission and the organization have agreed, whichever is earlier.

6. Respondent was responsible for maintaining the subject lease and plugging of the subject well in compliance with all applicable Commission rules according to Statewide Rules 14, 58, and 79 and Chapters 89 and 91 of the Texas Natural Resources Code.
7. The documented violations committed by the respondent constitute acts deemed serious, a hazard to the public health, and demonstrate a lack of good faith pursuant to TEX. NAT. RES. CODE ANN. §81.0531(c) (Vernon 2001).

IT IS ORDERED THAT within 30 days from the day immediately following the date this order becomes final:

1. Gary Rucker, Sole Proprietor (733220), shall pay to the Railroad Commission of Texas, for disposition as provided by law, an administrative penalty in the amount of **THREE THOUSAND DOLLARS (\$3,000.00)**.

It is further **ORDERED** by the Commission that this order shall not be final and effective until 20 days after a party is notified of the Commission's order. Done this 10th day of August 2004.
