OFFICE OF GENERAL COUNSEL
HEARINGS SECTION**

OIL AND GAS DOCKET NO. 09-0256760

ENFORCEMENT ACTION FOR ALLEGED VIOLATIONS COMMITTED BY JEROME EARL MARCHMAN, SOLE PROPRIETOR, MARCHMAN, J.E. (525700), AS TO THE ATWOOD, FRED (12445) LEASE, WELL NO. 3, YOUNG COUNTY REGULAR FIELD, YOUNG COUNTY, TEXAS

FINAL ORDER

The Commission finds that after statutory notice the captioned enforcement proceeding was heard by the examiner on October 9, 2008, and that the respondent, Jerome Earl Marchman, Sole Proprietor, Marchman, J.E. (525700), failed to appear or respond to the Notice of Hearing. Pursuant to § 1.49 of the Commission's General Rules of Practice and Procedure [Tex. R. R. Comm'n, 16 TEX. ADMIN. CODE § 1.49] and after being duly submitted to the Railroad Commission of Texas at conference held in its offices in Austin, Texas, the Commission makes the following findings of fact and conclusions of law.

FINDINGS OF FACT

1. Jerome Earl Marchman, Sole Proprietor, Marchman, J.E. (525700), ("Respondent") was given Notice of Hearing by certified mail, addressed to the most recent P-5 address on the Form P-5 Organization Report, which was signed and returned to the Commission.
2. The returned certified receipt (green card) that was attached to the Original Complaint and the Notice of Hearing mailed to Respondent's most recent P-5 address was signed and returned to the Commission on August 25, 2008. The certified receipt has been on file with the Commission for 15 days, exclusive of the day of receipt and day of issuance.
3. On December 18, 2007, Respondent, filed an Organization Report (Form P-5) with the Commission reporting that its officers consisted of the following individual(s): Jerome Earl Marchman; Sole Proprietor.
4. Jerome Earl Marchman, as sole proprietor, was a person in a position of ownership or control of respondent, as defined by Texas Natural Resources Code Section 91.114, during the time period of the violations of Commission rules committed by respondent.
5. The violations of Commission rules committed by respondent are related to safety and the control of pollution.

6. Respondent designated itself to the Commission as the operator of Well No. 3 on the Atwood, Fred (12445) Lease ("subject well"/"subject lease") by filing a Form P-4 (Producer's Transportation Authority and Certificate of Compliance) with the Commission effective on June 1, 1982.
7. According to Commission records the Respondent's Form P-5 (Organization Report) is active. Respondent has a \$25,000.00 Letter of Credit as its financial assurance.
8. Production from Well No. 3 ceased on or before April 2006.
9. The Statewide Rule 14(b)(2) plugging extension for Well No. 3 was denied on June 29, 2007, for no H-15 test.
10. Usable quality groundwater in the area is likely to be contaminated by migrations or discharges of saltwater and other oil and gas wastes from the subject well. Unplugged wellbores constitute a cognizable threat to the public health and safety because of the probability of pollution.
11. The total estimated cost to the State of plugging the subject well is \$4,000.00.
12. Commission District inspections were conducted on October 23, 2007, February 12, 2008, February 26, 2008 and September 30, 2008 for the Atwood, Fred (12445) Lease. Well No. 3 has both tubing and casing open to the atmosphere.
13. Maintenance of surface control by wellhead assemblies is necessary to prevent the discharge of oil and gas wastes on the subject lease constituting a hazard to public health and safety because the discharges of oil and gas wastes onto land surface can migrate into surface or subsurface waters.
14. Commission records indicate no Form H-15 (Test On An Inactive Well More Than 25 Years Old) has been filed and approved for the Atwood, Fred (12445) Lease, Well No. 3. Commission records further show that the Atwood, Fred (12445) Lease, Well No. 3 was completed at least 25 years ago, that an H-15 test was due in May 2007, and that the well has not been plugged.
15. The Respondent has not demonstrated good faith since it failed to timely plug or otherwise place the subject leases and subject wells in compliance after being notified of the violations by the District Office and failed to appear at the hearing to explain its inaction.

CONCLUSIONS OF LAW

1. Proper notice was issued by the Railroad Commission to respondent and to all other appropriate persons legally entitled to notice.
2. All things necessary to the Commission attaining jurisdiction over the subject matter and the parties in this hearing have been performed or have occurred.
3. Respondent is in violation of Commission Statewide Rules 13(b)(1)(B), 14(b)(2) and 14(b)(3).

4. Respondent is responsible for maintaining the subject lease in compliance with Statewide Rule 13(b)(1)(B), which requires that surface control of all wells be maintained with wellhead assemblies.
5. Respondent is responsible for maintaining the subject lease in compliance with Statewide Rule 14(b)(3), which requires that the operator of any well more than 25 years old that becomes inactive shall plug or test such well to determine whether the well poses a potential threat of harm to natural resources, including surface and subsurface water, oil and gas.
6. Respondent is responsible for maintaining the subject lease and subject well in compliance with all applicable Commission rules according to Statewide Rules 14, 58, and 79 and Chapters 89 and 91 of the Texas Natural Resources Code.
7. The documented violations committed by the respondent constitute acts deemed serious, a hazard to the public health, and demonstrate a lack of good faith pursuant to TEX. NAT. RES. CODE ANN. §81.0531(c).
8. As a person in a position of ownership or control of respondent at the time respondent violated Commission rules related to safety and the control of pollution, Jerome Earl Marchman, and any other organization in which he may hold a position of ownership or control, shall be subject to the restrictions of Texas Natural Resource Code Section 91.114(a)(2) for a period of no more than seven years from the date the order entered in this matter becomes final, or until the conditions that constituted the violations herein are corrected or are being corrected in accordance with a schedule to which the Commission and the organization have agreed; and all administrative, civil, and criminal penalties and all cleanup and plugging costs incurred by the State relating to those conditions are paid or are being paid in accordance with a schedule to which the Commission and the organization have agreed, whichever is earlier.

IT IS ORDERED THAT within 30 days from the day immediately following the date this order becomes final:

It is further **ORDERED** by the Commission that this order shall not be final and effective until 20 days after a party is notified of the Commission's order.
