FINAL ORDER

The Commission finds that after statutory notice the captioned enforcement proceeding was heard by the examiner on October 10, 2013, and that the respondent, Scott Vosberg, Sole Proprietor of Shadybrook Petroleum Company (768425), failed to appear or respond to the Notice of Opportunity for Hearing. Pursuant to § 1.49 of the Commission's General Rules of Practice and Procedure [Tex. R. R. Comm'n, 16 TEX. ADMIN. CODE § 1.49] and after being duly submitted to the Railroad Commission of Texas at conference held in its offices in Austin, Texas, the Commission makes the following findings of fact and conclusions of law.

FINDINGS OF FACT

1. Scott Vosberg, Sole Proprietor of Shadybrook Petroleum Company (768425), ("Respondent"), was given Notice of Opportunity for Hearing by certified mail, addressed to the most recent Form P-5 (Organization Report) address, which was returned to the Commission marked "unclaimed."
2. The electronic certified receipt containing the Original Complaint and the Notice of Opportunity for Hearing, was returned to the Commission marked "unclaimed" on October 3, 2013. The certified signature receipt is included in the file and has been on file with the Commission for 15 days, exclusive of the day of receipt and day of issuance.
3. On February 22, 2011, Respondent, filed an Organization Report (Form P-5) with the Commission reporting that its owner(s) consisted of the following individual(s): Scott Vosberg, Owner.
4. Scott Vosberg, as sole proprietor, was a person in a position of ownership or control of respondent, as defined by Texas Natural Resources Code Section 91.114, during the time period of the violations of Commission rules committed by respondent.

5. The violations of Commission rules committed by respondent are related to safety and the control of pollution.
6. Respondent designated itself to the Commission as the operator of Well No. 3 on the LeLon Bryan (16821) Lease ("subject well"/"subject lease") by filing a P-4 Form (Producers Transportation Authority and Certificate of Compliance) effective on September 3, 2008.
7. Respondent's P-5 (Organization Report) became delinquent on December 1, 2012. Respondent had \$25,000 bond as its financial assurance at the time of its last P-5 renewal.
8. Commission records indicate that Well No. 3 on the LeLon Bryan (16821) Lease has never produced.
9. The subject well has not been properly plugged in accordance with, and is not otherwise in compliance with, Statewide Rule 14.
10. Usable quality groundwater in the area is likely to be contaminated by migrations or discharges of saltwater and other oil and gas wastes from the subject well. Unplugged wellbores constitute a cognizable threat to the public health and safety because of the probability of pollution.
11. The total estimated cost to the State for plugging Well No. 3 on the LeLon Bryan (16821) Lease is \$15,000.00.
12. Commission District inspections were conducted on April 4, 2013, May 28, 2013, June 28, 2013, August 14, 2013 and September 17, 2013 for the LeLon Bryan (16821) Lease. The sign or identification required to be posted at the well was missing.
13. Failure to properly identify a well by the posting of the sign required by Statewide Rule 3 has the potential for causing confusion and delay in remedying a violation or emergency and poses a threat to the public health and safety.
14. The Respondent has not demonstrated good faith since it failed to timely plug or otherwise place the subject lease and subject well in compliance after being notified of the violations by the District Office and failed to appear at the hearing to explain its inaction.

2. All things necessary to the Commission attaining jurisdiction over the subject matter and the parties in this hearing have been performed or have occurred.
3. Respondent is in violation of Commission Statewide Rules 3 and 14(b)(2).

5. Respondent is responsible for maintaining the subject lease and subject well in compliance with all applicable Commission rules according to Statewide Rules 14, 58, and 79 and Chapters 89 and 91 of the Texas Natural Resources Code.
6. The documented violations committed by the respondent constitute acts deemed serious, a hazard to the public health, and demonstrate a lack of good faith pursuant to TEX. NAT. RES. CODE ANN. §81.0531.
7.
