---

**FINAL ORDER**

The Railroad Commission of Texas (“Commission”) finds that after statutory notice the captioned enforcement proceeding was heard by a Commission Administrative Law Judge on August 25, 2016 and that the respondent, SRJC Enterprises, LLC, failed to appear or respond to the Notice of Opportunity for Hearing. Pursuant to § 1.49 of the Commission's General Rules of Practice and Procedure, 16 TEX. ADMIN. CODE § 1.49, and after being duly submitted to the Commission at a conference held in its offices in Austin, Texas, the Commission makes the following findings of fact and conclusions of law.

**FINDINGS OF FACT**

1. SRJC Enterprises, LLC (“Respondent”), Operator No. 810824, was sent the Original Complaint and Notice of Opportunity for Hearing by certified and first class mail, addressed to the most recent Commission Form P-5 (Organization Report) (“Form P-5”) address. Respondent’s officer as identified on the Form P-5, Rod S. Clanton, was sent the Original Complaint and Notice of Opportunity for Hearing by certified and first class mail, addressed to his last known address.
2. The certified mail envelope containing the Original Complaint and the Notice of Opportunity for Hearing was received by the Respondent on July 27, 2016. The certified mail envelope containing addressed to Rod S. Clanton was returned to the Commission on August 9, 2016. No first class mail was returned. Record of the delivery and return of certified mail has been on file with the Commission for more than 15 days, exclusive of the day of receipt and day of issuance. Respondent was given more than 30 days’ notice of the Original Complaint and Notice of Opportunity for Hearing. Respondent has not entered into an agreed settlement order, filed an answer, or requested a hearing.
3. On December 4, 2014, Respondent, a limited liability company, filed a Form P-5 with the Commission reporting that its officers consist of the following individual: Rod S. Clanton, Manager.

4. Rod S. Clanton was in a position of ownership or control of Respondent, as defined in section 91.114 of the Texas Natural Resources Code, during the time period of the violations of Commission rules committed by Respondent.
5. Respondent's Form P-5 is delinquent. Respondent had a \$25,000 letter of credit as its financial assurance at the time of the last Form P-5 annual renewal submission.
6. The violations of Commission rules committed by Respondent are related to safety and the control of pollution.
7. Respondent designated itself to the Commission as the operator of the Kubena, William Lease (Lease No. 19152), Well No. 2, by filing a Commission Form P-4 (Certificate of Compliance and Transportation Authority), effective February 1, 2013, approved July 17, 2013.
8. Commission inspection reports made on December 16, 2015, January 22, 2016 and April 13, 2016, and either reports filed by Respondent reflecting zero production, or the absence of production reports filed by Respondent since February 2014, show that the Kubena, William Lease (Lease No. 19152), Well No. 2, has been inactive for a period greater than one year. Production from the subject well ceased in January 2014.
9. No work-overs, re-entries, or subsequent operations have taken place on the subject well within the last twelve months; the subject well has not been properly plugged in accordance with Statewide Rule 14, 16 TEX. ADMIN. CODE § 3.14; and no plugging extension is in effect for the subject well as allowed by Statewide Rule 14. The subject well is not otherwise in compliance with Statewide Rule 14.
10. Usable quality groundwater in the area is likely to be contaminated by migrations or discharges of saltwater and other oil and gas wastes from the subject well. Unplugged wellbores, in violation of Statewide Rule 14(b)(2), constitute a cognizable threat to the public health and safety because of the potential of pollution.
11. The total estimated cost to the State for plugging the Kubena, William Lease, Well No. 2 is \$131,597.00.
12. Respondent has no prior history of violations of Commission rules.
