REGULAR FIELD, WILBARGER COUNTY, TEXAS**

FINAL ORDER

The Railroad Commission of Texas (“Commission”) finds that after statutory notice the captioned enforcement proceeding was heard by a Commission Administrative Law Judge on October 6, 2016 and that the respondent, Black Pearl Operating Comp., LLC, failed to appear or respond to the Notice of Hearing. Pursuant to § 1.49 of the Commission's General Rules of Practice and Procedure, 16 TEX. ADMIN. CODE § 1.49, and after being duly submitted to the Commission at a conference held in its offices in Austin, Texas, the Commission makes the following findings of fact and conclusions of law.

FINDINGS OF FACT

1. Black Pearl Operating Comp., LLC (“Respondent”), (Operator No. 072713) was sent the Original Complaint and Notice of Hearing by certified and first class mail, addressed to the most recent Commission Form P-5 (Organization Report) (“Form P-5”) address.
2. Two of Respondents’ officers and agents as identified on the Form P-5—Ali Alex Ghassemieh, and Babak Ghassemieh—were each sent the Original Complaint and Notice of Hearing by certified and first class mail, addressed to their last known address.
3. The certified mail envelopes containing the Original Complaint and Notice of Hearing were returned to the Commission unclaimed in September 2016. The first class mail was not returned. Record of return of the certified mail has been on file with the Commission for more than 15 days. Respondent was given more than 30 days’ notice of the Original Complaint and Notice of Opportunity for Hearing. Respondent has not entered into an agreed settlement order, filed an answer, or requested a hearing.
4. Respondent, a corporation, filed a Form P-5 with the Commission reporting that its officers consist of the following individuals: Babak Ghassemieh, Manager, Ali Alex Ghassemieh, President, and Ali Sedigh, Vice President.
5. Babak Ghassemieh, Ali Alex Ghassemieh, and Ali Sedigh were in a position of ownership or control of Respondent, as defined in section 91.114 of the Texas Natural Resources

Code, during the time period of the violations of Commission rules committed by Respondent.

6. Respondent's Form P-5 is delinquent.
7. The violations of Commission rules committed by Respondent are related to safety and the control of pollution.
8. Respondent designated itself to the Commission as the operator of the Waggoner -JJ- (06579) Lease, Well Nos. 1, 2, 4, and 5 by filing a Commission Form P-4 (Certificate of Compliance and Transportation Authority), effective January 1, 2002, approved February 1, 2002.
9. Commission District inspection reports made on January 7, 2016 and May 4, 2016, and reports filed by respondent with Commission (reflecting zero production) since July 2014, show that the Waggoner -JJ- (06579) Lease, Well Nos. 1, 2, 4, and 5 have been inactive for a period greater than one year. Production from the subject wells ceased on or before July 2014, and has not resumed.
10. No work-overs, re-entries, or subsequent operations have taken place on any of the subject wells within the last twelve months; none of the subject wells have been properly plugged in accordance with Statewide Rule 14, 16 TEX. ADMIN. CODE § 3.14; and no plugging extensions are in effect for any of the subject wells as allowed by Statewide Rule 14. The subject wells are not otherwise in compliance with Statewide Rule 14.
11. Usable quality groundwater in the area can become contaminated by migrations or discharges of saltwater and other oil and gas wastes from the subject wells. Unplugged wellbores, in violation of Statewide Rule 14(b)(2), constitute a cognizable threat to the public health and safety because of the potential of pollution.
12. The total estimated cost to the State for plugging the Waggoner -JJ- (06579) Lease, Wells Nos. 1, 2, 4, and 5 is \$40,400.00.
13. Respondent has no prior history of violations of Commission rules.
