**FINAL ORDER
GRANTING THE APPLICATION OF PANTERA ENERGY COMPANY
PURSUANT TO STATEWIDE RULE 31(J)
TO CONSIDER SUSPENDING THE ALLOCATION FORMULA
FOR THE PANHANDLE, WEST (688 31001) FIELD,
VARIOUS COUNTIES, TEXAS**

The Commission finds that after statutory notice in the above-numbered docket heard on August 23, 2017, the presiding Examiners have made and filed a report and recommendation containing findings of fact and conclusions of law, for which service was not required; that the proposed application complies with all statutory requirements; and that this proceeding was duly submitted to the Railroad Commission of Texas at conference held in its offices in Austin, Texas.

The Commission, after review and due consideration of the Examiners' report and recommendation, the findings of fact and conclusions of law contained therein, hereby adopts as its own the findings of fact and conclusions of law contained therein, and incorporates said findings of fact and conclusions of law as if fully set out and separately stated herein.

Therefore, it is **ORDERED** by the Railroad Commission of Texas that the allocation formula in the Panhandle, West Field (No. 688 31001) in various counties of Texas, is hereby **SUSPENDED**. The Field's production status is hereby balanced at zero, and all wells are to be assigned a 100% capacity allowable. The allocation formula may be reinstated administratively. While the allocation formula is suspended, if, for any month the market demand for gas production from a well in the Panhandle, West Field falls below 100 percent of deliverability, as determined by the deliverability tests on file with the Commission, the Commission must be notified pursuant to Statewide Rule 31(j) [16 Tex. Admin. Code § 3.31(j)].

Pursuant to §2001.144(a)(4)(A), of the Texas Government Code, and the agreement of the applicant, this Final Order is effective when a Master Order relating to this Final Order is signed.

Done this 19th day of September, 2017.
