FINAL ORDER

The Commission finds that after statutory notice the captioned enforcement proceeding was heard by the examiner on March 31, 2011 and that the respondent, Mission River Systems, Inc. CODE § 1.49] and after being duly submitted to the Railroad Commission of Texas at conference held in its offices in Austin, Texas, the Commission makes the following findings of fact and conclusions of law.

FINDINGS OF FACT

1. Mission River Systems, Inc. (570411), ("Respondent") was given Notice of Hearing by certified mail, addressed to the most recent P-5 address on the Form P-5 Organization Report which was signed and returned to the Commission.
2. The certified mail containing the Original Complaint and the Notice of Hearing was mailed to Respondent's most recent P-5 address, which was received and signed for on February 22, 2011. The confirmation and electronic receipt has been on file with the Commission for 15 days, exclusive of the day of receipt and day of issuance.
3. On January 30, 2007, Respondent, a Corporation, filed an Organization Report (Form P-5) with the Commission reporting that its officers consisted of the following individual(s): Jimmie B. Myers; President.
4. Jimmie B. Myers, was in a position of ownership or control of respondent, as defined by Texas Natural Resources Code Section 91.114, during the time period of the violations of Commission rules committed by respondent.

6. Respondent designated itself to the Commission as the operator of Well No. 1 (134042) on the Heard Lease ("subject well"/"subject lease") by filing a P-4 Form (Producers Transportation Authority and Certificate of Compliance) with the Commission effective on February 1, 2002.

7. Commission records indicate that Respondent's Form P-5 (Organization Report) is active. Respondent has a \$55,000.00 Letter of Credit as its financial assurance.
8. The subject well ceased production on or before August 30, 2004.

13. Commission District inspections were conducted on November 13, 2006, June 27, 2007 and February 24, 2011 for the Heard Lease. The sign or identification required to be posted at the well displayed incorrect information.
14. Failure to properly identify a well by the posting of the sign required by Statewide Rule 3 has the potential for causing confusion and delay in remedying a violation or emergency and poses a threat to the public health and safety.
15. No Form H-15 (Test On An Inactive Well More Than 25 Years Old) has been filed and approved for the Heard Lease, Well No. 1 (134042). The Heard Lease, Well No. 1 (134042) was completed on May 1, 1980, that an H-15 test was due in May 2007, and that the well has not been plugged.
16. The Respondent has not demonstrated good faith since it failed to plug or otherwise place the subject lease and well in compliance after being notified of the violations by the District Office and failed to appear at the hearing to explain its inaction.
17. Respondent has a prior history of Commission rule violations including the following docket(s):

Docket No. 02-0261421; Final Agreed Order Served: June 18, 2009;
