**FINAL ORDER**

The proceeding having been duly submitted to the Railroad Commission of Texas at conference held in its offices in Austin, Texas, the Commission makes the following Findings of Facts and Conclusions of Law.

**FINDING OF FACT**

This writing expressly notified the operator that failure to timely request a hearing would constitute waiver of the opportunity to request a hearing on the matter.

8. Sulphur River's Form P-5 is active. Sulphur River has a \$310,000.00 cash deposit as its financial assurance.
9. A "good faith claim" is defined in Commission Statewide Rule (15)(a)(5) as "a factually supported claim based on a recognized legal theory to a continuing possessory right in the mineral estate, such as evidence of a currently valid oil and gas lease or a recorded deed conveying a fee interest in the mineral estate."
10. No production has been reported on the subject lease since September 2003.
11. Textron failed to reply to the Administrative Law Judge's letter dated April 6, 2018, with any documents that it holds a "good faith claim" to a continuing right to operate the subject lease and failed to timely request a hearing.
12. Textron does not have a "good faith claim" to operate the subject lease.
13. Pursuant to TEX. GOV'T CODE §§ 2001.056 and 2001.062(e), Textron and Sulphur River have waived the opportunity to request a hearing on the matter.
14. Sulphur River now asserts a "good faith claim" to a continuous right to operate the subject lease.
