**ENFORCEMENT ACTION AGAINST DOLPHIN PETROLEUM, LP (OPERATOR NO. 222226) FOR VIOLATIONS OF STATEWIDE RULES ON THE RAMIREZ SWD LEASE, WELL NO. 1 (GAS ID NO. 152506), BOB WEST (L-12, 13, 14, 15) FIELD, ZAPATA COUNTY, TEXAS**

---

**FINAL ORDER**

The Railroad Commission of Texas ("Commission") finds that after statutory notice the captioned enforcement proceeding was heard by a Commission Administrative Law Judge on August 30, 2018, and that the respondent, Dolphin Petroleum, LP, failed to appear or respond to the **Notice of Opportunity for Hearing**. Pursuant to § 1.25 of the Commission's General Rules of Practice and Procedure, 16 TEX. ADMIN. CODE § 1.25, and after being duly submitted to the Commission at a conference held in its offices in Austin, Texas, the Commission makes the following findings of fact and conclusions of law.

**FINDINGS OF FACT**

1. Dolphin Petroleum, LP ("Respondent"), Operator No. 222226, was sent the Original Complaint and Notice of Opportunity for Hearing by certified and first-class mail, addressed to the most recent Commission Form P-5 (Organization Report) ("Form P-5") address.
2. The certified mail envelope containing the Original Complaint and Notice of Opportunity for Hearing addressed to the Respondent was received on July 27, 2018. The first-class mail was not returned. Record of the delivery and return of certified mail has been on file with the Commission for more than 15 days, exclusive of the day of receipt and day of issuance. Respondent was given more than 30 days' notice of the Original Complaint and Notice of Opportunity for Hearing. Respondent has not entered into an agreed settlement order, filed an answer or requested a hearing.
3. On May 27, 2016, Respondent, a limited partnership, filed a Form P-5.
4. Respondent's Form P-5 is delinquent. Respondent had a \$50,000.00 bond as its financial assurance at the time of the last Form P-5 annual renewal submission.
5. Respondent designated itself to the Commission as the operator of the Ramirez SWD Lease, Well No. 1 (Gas ID No. 152506), by filing a Commission Form P-4 (Certificate of Compliance and Transportation Authority), effective April 1, 2013, approved April 19, 2013.

6. Commission District inspection reports made on April 10, 2018 and June 1, 2018 for the Ramirez SWD Lease, Well No. 1 (Gas ID No. 152506), show a leak at the tank battery had resulted in a spill of oil and gas wastes measuring approximately four-square feet.
7. Respondent did not have a permit for said discharges, nor were they authorized under Statewide Rules 8(d)(3), 8(e), 9, 46 or 98.
8. Unpermitted discharges of oil and gas waste, in violation of Statewide Rule 8(d)(1), can contaminate the land surface, affect the health of humans and animals, and may eventually be discharged to surface or subsurface waters, causing pollution.
9. Commission District inspection reports made on April 10, 2018 and June 1, 2018, the absence of reported production since December 1994, and the absences of reported injection since November 2015, show the Ramirez SWD Lease, Well No. 1 (Gas ID No. 152506) has been inactive for a period greater than one year. Operations at the subject lease ceased on or before December 2015.
10. No workovers, re-entries, or subsequent operations have taken place on the subject well within the last twelve months; the subject well has not been properly plugged in accordance with Statewide Rule 14, 16 TEX. ADMIN CODE § 3.14; and no plugging extensions are in effect for the subject well as allowed by Statewide Rule 14.
11. Usable quality groundwater in the area can become contaminated by migrations or discharges of saltwater and other oil and gas waste from the subject well. Unplugged wellbores, in violation of Statewide Rule 14(b)(2), constitute a cognizable threat to the public health and safety because of the potential of pollution.
12. The total estimated cost to the State for plugging the Ramirez SWD Lease, Well No. 1 (Gas ID No. 152506) is \$26,100.00.

### **CONCLUSIONS OF LAW**

1. Proper notice was issued by the Commission to Respondent and all other appropriate persons legally entitled to notice.
2. All things necessary to the Commission attaining jurisdiction over the subject matter and the parties have been performed or have occurred.
3. Respondent is responsible for maintaining the subject lease in compliance with all applicable Commission rules and TEX. NAT. RES. CODE, chs. 89 and 91.
4. Respondent is in violation of Statewide Rules 8(d)(1), and 14(b)(2). 16 TEX. ADMIN. CODE §§ 3.8(d)(1) and 3.14(b)(2).

5. The documented violations committed by Respondent constitute acts deemed serious, and a hazard to the public health, and demonstrate a lack of good faith pursuant to TEX. NAT. RES. CODE § 81.0531(c).
6. Respondent is responsible for maintaining the subject lease in compliance with Statewide Rule 8(d)(1), which prohibits the discharge of oil and gas waste without a permit.
7. Respondent is responsible for maintaining the subject lease in compliance with Statewide Rule 14(b)(2), which requires that plugging operations on each dry or inactive well shall be commenced within a period of one year after drilling or operations cease and shall proceed with due diligence until completed, unless the operator is eligible for and obtains an extension of the plugging deadline.
8. Pursuant to TEX. NAT. RES. CODE § 81.0531, the Commission may assess administrative penalties against Respondent for the subject violations of up to \$10,000 per day for each violation, with each day such violations continued constituting a separate violation.
9. An assessed administrative penalty in the amount of **SIX THOUSAND, TWO HUNDRED SIXTY DOLLARS (\$6,260.00)** is justified considering the facts and violations at issue.
