"A" (27886) LEASE, WELL NOS. 1, 9, 13, 16, 17, 19, 20, 24, 30, 32, 33, 45, 46, 47, 48, 49, 50, 57, 58, AND 80, WICHITA COUNTY REGULAR FIELD, WICHITA COUNTY, TEXAS**

---

**FINAL ORDER**

The Railroad Commission of Texas ("Commission") finds that after statutory notice the captioned enforcement proceeding was heard by a Commission Administrative Law Judge on October 18, 2018, and that the respondent, Bobby Earl Gilbert, Sole Proprietor of B.E.G. Production, failed to appear or respond to the **Notice of Opportunity for Hearing**. Pursuant to § 1.25 of the Commission's General Rules of Practice and Procedure, 16 TEX. ADMIN. CODE § 1.25, and after being duly submitted to the Commission at a conference held in its offices in Austin, Texas, the Commission makes the following findings of fact and conclusions of law.

**FINDINGS OF FACT**

1. Bobby Earl Gilbert, Sole Proprietor of B.E.G. Production ("Respondent"), Operator No. 040396, was sent the Original Complaint and Notice of Opportunity for Hearing by certified and first-class mail, addressed to the most recent Commission Form P-5 (Organization Report) ("Form P-5") address.
2. The certified mail envelope containing the Original Complaint and Notice of Opportunity for Hearing addressed to the Respondent was returned to the Commission unopened on October 10, 2018. The first-class mail was not returned. Record of the delivery and return of certified mail has been on file with the Commission for more than 15 days, exclusive of the day of receipt and day of issuance. Respondent was given more than 30 days' notice of the Original Complaint and Notice of Opportunity for Hearing. Respondent has not entered into an agreed settlement order, filed an answer or requested a hearing.
3. On January 27, 2015, Respondent, a sole proprietorship, filed a Form P-5 with the Commission reporting that its officer consists of the following individual: Bobby Earl Gilbert, Owner.
4. Bobby Earl Gilbert was in a position of ownership or control of Respondent, as defined in TEX. NAT. RES. CODE § 91.114, during the time period of the violations of Commission rules committed by Respondent.

5. Respondent's Form P-5 is delinquent. Respondent had a \$50,000.00 letter of credit as its financial assurance at the time of the last Form P-5 annual renewal submission.
6. Respondent designated itself to the Commission as the operator of the Cole, T. J. "A" (27886) Lease, Well Nos. 1, 9, 13, 16, 17, 19, 20, 24, 30, 32, 33, 45, 46, 47, 48, 49, 50, 57, 58, and 80, by filing a Commission Form P-4 (Certificate of Compliance and Transportation Authority), effective November 1, 1990, approved January 24, 1991.
7. Commission inspection reports made on May 17, 2017; May 18, 2017; May 24, 2017; June 1, 2017; June 8, 2018; and July 17, 2018 for the Cole, T. J. "A" (27886) Lease, Well Nos. 1, 9, 13, 16, 17, 33, 46, 48, 49, and 50 showed that the signs or identification required to be posted at the well locations were either missing, illegible, or incomplete.
8. The lack of legible signs and identification displaying correct information, as set forth in Statewide Rule 3(2), may cause confusion as to the responsible operator to be contacted and the actual location of a violation or emergency, which can result in delays in remedying a violation or emergency.
9. Commission district inspection reports made on May 17, 2017; May 18, 2017; May 24, 2017; June 1, 2017; June 8, 2018; and July 17, 2018 for the Cole, T. J. "A" (27886) Lease show that Well Nos. 9, 13, 17, 24, 32, 33, and 58 were open to the atmosphere.
10. Wells left uncontrolled or open to the atmosphere, in violation of Statewide Rule 13(a)(6)(A), may discharge oil and gas waste onto the land surface and affect the health of humans and animals; these discharges may eventually make their way to surface or subsurface waters, causing pollution.
11. Commission inspection reports made on May 17, 2017; May 18, 2017; May 24, 2017; June 1, 2017; June 8, 2018; and July 17, 2018, and the absence of reported production since May 2015, showed that the Cole, T. J. "A" (27886) Lease, Well Nos. 1, 9, 13, 16, 17, 19, 20, 24, 30, 32, 33, 45, 46, 47, 48, 49, 50, 57, and 58 have been inactive for a period greater than one year. Production from the subject lease ceased on or before April 2015. Injection at the subject lease ceased on or before May 2015.
12. No workovers, re-entries, or subsequent operations have taken place on the subject well within the last twelve months; the subject well has not been properly plugged in accordance with Statewide Rule 14, 16 TEX. ADMIN CODE § 3.14; and no plugging extensions are in effect for the subject well as allowed by Statewide Rule 14.
13. Usable quality groundwater in the area can become contaminated by migrations or discharges of saltwater and other oil and gas waste from the subject well. Unplugged wellbores, in violation of Statewide Rule 14(b)(2), constitute a

cognizable threat to the public health and safety because of the potential of pollution.

14. The total estimated cost to the State for plugging the Cole, T. J. "A" (27886) Lease Well Nos. 1, 9, 13, 16, 17, 19, 20, 24, 30, 32, 33, 45, 46, 47, 48, 49, 50, 57, and 58 is \$11,946.24.
15. The Respondent has a history of violations of Commission Rules. Respondent is currently subject to the restrictions of Tex. Nat. Res. Code § 91.114 due to the existence of two unsatisfied Commission orders: one order (Oil & Gas Docket No. 09-0283507) related to violations of Commission Rules by Respondent; and one order (Oil & Gas Docket No. 20-0296699) related to noncompliance with Statewide Rule 15 by Respondent.

### **CONCLUSIONS OF LAW**

1. Proper notice was issued by the Commission to Respondent and all other appropriate persons legally entitled to notice.
2. All things necessary to the Commission attaining jurisdiction over the subject matter and the parties have been performed or have occurred.
3. Respondent is responsible for maintaining the subject lease in compliance with all applicable Commission rules and TEX. NAT. RES. CODE, chs. 89 and 91.
4. Respondent is in violation of Statewide Rules 3(2), 13(a)(6)(A), and 14(b)(2). 16 TEX. ADMIN. CODE §§ 3.3(2), 3.13(a)(6)(A), and 3.14(b)(2).
5. The documented violations committed by Respondent constitute acts deemed serious, and a hazard to the public health, and demonstrate a lack of good faith pursuant to TEX. NAT. RES. CODE § 81.0531(c).
6. Respondent is responsible for maintaining the subject lease in compliance with Statewide Rule 3(2), which requires that each well site that produces oil, gas, or geothermal resources shall post signs or identification showing the name of the property, name of the operator and the well number.
7. Respondent is responsible for maintaining surface control of a well by using wellhead assemblies in compliance with Statewide Rule 13(a)(6)(A). Maintenance of surface control is necessary not only to prevent fluids from being discharged from the wellbore onto the ground surface, but also to prevent any oil and gas wastes present in the wellbore from being displaced to surface by influxes of surface water into the open wellbore.
8. Respondent is responsible for maintaining the subject lease in compliance with Statewide Rule 14(b)(2), which requires that plugging operations on each dry or

inactive well shall be commenced within a period of one year after drilling or operations cease and shall proceed with due diligence until completed, unless the operator is eligible for and obtains an extension of the plugging deadline.

9. Pursuant to TEX. NAT. RES. CODE § 81.0531, the Commission may assess administrative penalties against Respondent for the subject violations of up to \$10,000 per day for each violation, with each day such violations continued constituting a separate violation.
10. An assessed administrative penalty in the amount of **SEVENTY-SEVEN THOUSAND, EIGHT HUNDRED THIRTY-FOUR DOLLARS (\$77,834.00)** is justified considering the facts and violations at issue.
11. As a person in a position of ownership or control of Respondent at the time Respondent violated Commission rules related to safety and the control of pollution, Bobby Earl Gilbert, and any other organization in which this individual may hold a position of ownership or control, is subject to the restriction in TEX. NAT. RES. CODE § 91.114(a)(2).
