OIL AND GAS DOCKET NO. 04-0316503

**ENFORCEMENT ACTION AGAINST GREEN EXPLORATION COMPANY
(OPERATOR NO. 330179) FOR VIOLATIONS OF STATEWIDE RULES ON THE
COASTAL CORP. (13145) LEASE, WELL NO. 1, MAGNOLIA CITY, W. (5400) FIELD, JIM
WELLS COUNTY, TEXAS**

FINAL ORDER

The Railroad Commission of Texas ("Commission") finds that statutory notice of the captioned enforcement proceeding was provided pursuant to Commission rules, and that the respondent, Green Exploration Company, failed to appear or respond to the **Notice of Opportunity for Hearing**. Pursuant to § 1.25 of the Commission's General Rules of Practice and Procedure, 16 Texas Administrative Code § 1.25, and after being duly submitted to the Commission at a Conference held in its offices in Austin, Texas, the Commission makes the following findings of fact and conclusions of law.

1. Green Exploration Company ("Respondent"), Operator No. 330179, was sent the Original Complaint and Notice of Opportunity for Hearing by certified and first-class mail, addressed to the most recent Commission Form P-5 (Organization Report) ("Form P-5") address.
2. The certified mail envelope containing the Original Complaint and Notice of Opportunity for Hearing addressed to the Respondent was delivered and signed for on December 24, 2018. The first-class mail was not returned. Record of the delivery has been on file with the Commission for more than 15 days, exclusive of the day of receipt and day of issuance. Respondent was given more than 30 days' notice of the Original Complaint and Notice of Opportunity for Hearing. Respondent has not entered into an agreed settlement order, filed an answer or requested a hearing.
3. On September 29, 2017, Respondent, a corporation, filed a Form P-5 with the Commission reporting that its officer consists of the following individual: John E. Cantu, President and Vice President.
4. John E. Cantu was in a position of ownership or control of Respondent, as defined in Texas Natural Resources Code § 91.114, during the time period of the violations of Commission rules committed by Respondent.
5. Respondent's Form P-5 is delinquent. Respondent had a \$50,000.00 cash deposit as its financial assurance at the time of the last Form P-5 annual renewal submission.
6. Respondent designated itself to the Commission as the operator of the Coastal Corp. (13145) Lease, Well No. 1, by filing a Commission Form P-4 (Certificate of Compliance and Transportation Authority), effective January 1, 2010, approved April 23, 2010.

7. Commission inspection reports made on July 3, 2018, August 16, 2018, and October 9, 2018 for the Coastal Corp. (13145) Lease, Well No. 1, show an oil spill at the wellhead measuring 180 square feet.
8. Respondent did not have a permit for said discharges, nor were they authorized under Statewide Rules 8(d)(3), 8(e), 9, 46 or 98.
9. Unpermitted discharges of oil and gas waste, in violation of Statewide Rule 8(d)(1), can contaminate the land surface, affect the health of humans and animals, and may eventually be discharged to surface or subsurface waters, causing pollution.
10. Commission inspection reports made on July 3, 2018, August 16, 2018, and October 9, 2018, and the absence of reported production since November 2017, showed that the Coastal Corp. (13145) Lease, Well No. 1, has been inactive for a period greater than one year. Production from the subject lease ceased in October 2017.
11. No workovers, re-entries, or subsequent operations have taken place on the subject well within the last twelve months; the subject well has not been properly plugged in accordance with Statewide Rule 14, 16 Tex. Admin Code § 3.14; and no plugging extensions are in effect for the subject well as allowed by Statewide Rule 14.
12. Usable quality groundwater in the area can become contaminated by migrations or discharges of saltwater and other oil and gas waste from the subject well. Unplugged wellbores, in violation of Statewide Rule 14(b)(2), constitute a cognizable threat to the public health and safety because of the potential of pollution.
13. The total estimated cost to the State for plugging the Coastal Corp. (13145) Lease, Well No. 1, is \$37,514.40.
14. The Respondent has no prior history of violations of Commission Rules.

CONCLUSIONS OF LAW

1. Proper notice was issued by the Commission to Respondent and all other appropriate persons legally entitled to notice.
2. All things necessary to the Commission attaining jurisdiction over the subject matter and the parties have been performed or have occurred.
3. Respondent is responsible for maintaining the subject lease in compliance with all applicable Commission rules and Texas Natural Resources Code, Chapters 89 and 91.
4. Respondent is in violation of Statewide Rules 8(d)(1) and 14(b)(2). 16 Texas Administrative Code §§ 3.8(d)(1) and 3.14(b)(2).
5. The documented violations committed by Respondent constitute acts deemed serious, and a hazard to the public health, and demonstrate a lack of good faith pursuant to Texas Natural Resources Code § 81.0531(c).

6. Respondent is responsible for maintaining the subject lease in compliance with Statewide Rule 8(d)(1), which prohibits the discharge of oil and gas waste without a permit.
7. Respondent is responsible for maintaining the subject lease in compliance with Statewide Rule 14(b)(2), which requires that plugging operations on each dry or inactive well shall be commenced within a period of one year after drilling or operations cease and shall proceed with due diligence until completed, unless the operator is eligible for and obtains an extension of the plugging deadline.
8. Pursuant to Texas Natural Resources Code § 81.0531, the Commission may assess administrative penalties against Respondent for the subject violations of up to \$10,000 per day for each violation, with each day such violations continued constituting a separate violation.
9. An assessed administrative penalty in the amount of **\$13,999.00 (THIRTEEN THOUSAND NINE HUNDRED NINETY NINE DOLLARS)** is justified considering the facts and violations at issue.
10. As a person in a position of ownership or control of Respondent at the time Respondent violated Commission rules related to safety and the control of pollution, John E. Cantu, and any other organization in which this individual may hold a position of ownership or control, is subject to the restriction in Texas Natural Resources Code § 91.114(a)(2).
