

**RAILROAD COMMISSION OF TEXAS  
HEARINGS DIVISION**

**OIL AND GAS DOCKET NO. 08-0317777**

---

**APPLICATION OF PRIMEXX OPERATING CORPORATION (677852) FOR AN EXCEPTION TO STATEWIDE RULE 32 FOR THE POLO GROUNDS 150 (49599) LEASE, WELL NO. 11H, WOLFBONE (TREND AREA) FIELD (98359800), REEVES COUNTY, TEXAS**

---

**FINAL ORDER**

The Railroad Commission of Texas ("Commission") finds that after notice in the above-docketed case was provided to all parties entitled to notice, a hearing was heard on April 10, 2019 by a Commission Technical Examiner and Administrative Law Judge. This proceeding was duly submitted to the Commission at a conference held in its offices in Austin, Texas. After considering this matter, the Commission adopts the following findings of fact and conclusions of law.

**Findings of Fact**

1. Primexx Operating Corporation ("Primexx") seeks a two-year exception to Statewide Rule 32 ("Statewide Rule 32") for authority to flare a maximum of 1,100 thousand cubic feet per day ("Mcf/d"), limited to 33,000 thousand cubic feet per month ("Mcfm"), of casinghead gas from February 12, 2019, to February 11, 2021, from the flare stack located on the Polo Grounds 150 (49599) Lease, Well No. 11H ("Lease"), in the Wolfbone (Trend Area) Field, Reeves County, Texas.
2. Primexx submitted a request for hearing on the Statewide Rule 32 exception flaring authority on January 29, 2019.
3. Primexx was previously granted an administrative exception to Statewide Rule 32 to flare a maximum casinghead gas volume of 900 Mcfd from the Lease under Flare Permit No. 34031, expiring February 11, 2019.
4. On March 14, 2019 the Hearings Division of the Commission sent a Joint Notice of Hearing ("Notice") to Applicant and all offsetting operators in the field setting a hearing date of April 10, 2019. Consequently, the parties received more than 10 days' notice. The Notice contains (1) a statement of the time, place, and nature of the hearing; (2) a statement of the legal authority and jurisdiction under which the hearing is to be held; (3) a reference to the particular sections of the statutes and rules involved; and (4) a short and plain statement of the matters asserted. The hearing was held on April 10, as noticed. Applicant appeared and participated at the hearing. No one appeared in protest.

5. The Lease produces sour casinghead gas.
6. The cost of equipment to treat the Lease casinghead is \$156,000 which exceeds the net gas revenue expected to be gained from the sale of approximately 380,254 Mcf remaining reserves over the life of the well, making it uneconomical to install and operate the sour casinghead treatment facilities.
7. Primexx will be purchasing gas to be used for gas lift operations on the Lease. It is uneconomic to recycle the purchased artificial lift gas that has been exposed in the wellbore to the sour casinghead gas. The combined estimated volume of casinghead gas and purchased artificial lift gas to be flared would be a maximum of 1,100 Mcfd, limited to 33,000 Mcfm.
8. The requested Statewide Rule 32 exception to flare a maximum of 1,100 Mcfd, limited to 33,000 Mcfm, of casinghead gas is necessary for Primexx to produce the recoverable oil from the Lease.
9. At the hearing, Primexx agreed on the record that the Final Order in this docketed case is to be final and effective when a Master Order relating to this Final Order is signed.

#### **Conclusions of Law**

1. Proper notice was issued to persons entitled to notice. *See, e.g.,* Tex. Gov't Code § 2001.051; 16 Tex. Admin. Code §§ 1.42, 1.45.
2. The Commission has jurisdiction in this case. *See, e.g.,* Tex. Nat. Res. Code § 81.051.
3. Statewide Rule 32 requires gas to be utilized for purposes and uses authorized by law. 16 Tex. Admin. Code § 3.32(b).
4. Statewide Rule 32 provides exceptions allowing the flaring of gas if certain requirements are met and the flaring is necessary. *See, e.g.,* 16 Tex. Admin. Code § 3.32(f), (h).
5. Primexx has met the requirements in Statewide Rule 32 to flare a maximum of 1,100 Mcfd, limited to 33,000 Mcfm, of casinghead gas and the flaring of such gas is necessary.

6. Pursuant to the provisions of Texas Government Code § 2001.144(a)(4)(A), this Final Order can be final and effective on the date a Master Order relating to this Final Order is signed.

### Ordering Provisions

It is **ORDERED** that Primexx Operating Corporation (677852), Inc. is granted a two-year exception to Statewide Rule 32. Its request for authority to flare a maximum of 1,100 Mcfd, limited to 33,000 Mcf per month, of casinghead gas from the flare stack located on the Polo Grounds 150 (49599) Lease, Well No. 11H, from February 12, 2019, to February 11, 2021, as reflected in attached Attachment A is **APPROVED**.

This authority is granted, provided all production is reported on the appropriate Commission forms. Primexx shall file the Statewide Rule 32 Exception Data Sheet and, shall file at the same time, the required fee for a Statewide Rule 32 exception for each individual flare point for the Polo Grounds 150 (49599) Lease, Well No. 11H. See 16 Tex. Admin. Code § 3.32(h)(1).

Pursuant to § 2001.144(a)(4)(A) of the Texas Government Code and the agreement of the parties in writing or on the record, **the parties have waived the right to file a motion for rehearing and the Final Order in this case is final and effective on the date the Master Order relating to the Final Order is signed.**

**Signed on August 6, 2019**
