**ENFORCEMENT ACTION AGAINST AMDSJ2 LLC (OPERATOR NO. 016927) FOR VIOLATIONS OF STATEWIDE RULES ON THE E. G. RANCH, LTD. LEASE, WELL NO. 1R (RRC ID NO. 168394), AGUA ROJA (LOBO) FIELD, WEBB COUNTY, TEXAS**

---

**FINAL ORDER**

The Railroad Commission of Texas ("Commission") finds that statutory notice of the captioned enforcement proceeding was provided pursuant to Commission rules, and that the Respondent, AMDSJ2 LLC, failed to appear or respond to the **Notice of Opportunity for Hearing**. Pursuant to § 1.25 of the Commission's General Rules of Practice and Procedure, 16 Texas Administrative Code § 1.25, and after being duly submitted to the Commission at a Conference held in its offices in Austin, Texas, the Commission makes the following findings of fact and conclusions of law.

**FINDINGS OF FACT**

1. AMDSJ2 LLC ("Respondent"), Operator No. 016927, was sent the Original Complaint and Notice of Opportunity for Hearing by certified and first-class mail, addressed to the most recent Commission Form P-5 (Organization Report) ("Form P-5") address.
2. The certified mail envelope containing the Original Complaint and Notice of Opportunity for Hearing addressed to the Respondent was received on May 24, 2019. The first-class mail was not returned. Record of the delivery and return of certified mail has been on file with the Commission for more than 15 days, exclusive of the day of receipt and day of issuance. Respondent was given more than 30 days' notice of the Original Complaint and Notice of Opportunity for Hearing. Respondent has not entered into an agreed settlement order, filed an answer or requested a hearing.
3. On February 1, 2017, Respondent, a limited liability company, filed a Form P-5 with the Commission reporting that its officer consists of the following individual: McIntosh, James M., Manager and McIntosh, Daniel, Manager.
4. Respondent's Form P-5 is delinquent. Respondent had a \$25,000.00 cash deposit as its financial assurance at the time of the last Form P-5 annual renewal submission.
5. Respondent designated itself to the Commission as the operator of the E. G. Ranch, Ltd. Lease, Well No. 1R (RRC ID No. 168394), by filing a Commission Form P-4 (Certificate of Compliance and Transportation Authority), effective December 30, 2015, approved January 14, 2016.
6. Commission inspection reports made on June 6, 2017, June 22, 2017, July 25, 2017 and June 7, 2018 for the E. G. Ranch, Ltd. Lease, Well No. 1R (RRC ID No. 168394), show the sign or identification required to be posted at the lease entrance does not display the operator name, lease name and well number.

7. The lack of legible signs and identification displaying correct information, as set forth in Statewide Rule 3(1), may cause confusion as to the responsible operator to be contacted and the actual location of a violation or emergency, which can result in delays in remedying a violation or emergency.
8. Commission district inspection report made on January 18, 2017, June 22, 2017 and July 28, 2017, for the E. G. Ranch, Ltd. Lease, Well No. 1R (RRC ID No. 168394), show oil fluids being stored in two unpermitted pits.
9. Continued maintenance of unpermitted pits, in violation of Statewide Rule 8(d)(2), may result in unpermitted discharges of oil and gas waste which can contaminate the land surface, affect the health of humans and animals, and may be discharged to surface or subsurface waters, causing pollution.
10. Commission records show Well No. 1R (RRC No. 168394) of the E.G. Ranch, Ltd. Lease is a permitted disposal well and that Respondent has failed to file injection/disposal reports for the subject well since February 2016. Disposal into the subject well ceased in January 2016.
11. No workovers, re-entries, or subsequent operations have taken place on the subject well within the last twelve months and the subject well has not been properly plugged in accordance with Statewide Rule 14. 16 Tex. Admin Code § 3.14. No plugging extensions are in effect for the subject well as allowed by Statewide Rule 14. 16 Tex. Admin Code § 3.14.
12. Usable quality groundwater in the area can become contaminated by migrations or discharges of saltwater and other oil and gas waste from the subject well. Unplugged wellbores, in violation of Statewide Rule 14(b)(2), constitute a cognizable threat to the public health and safety because of the potential of pollution.
13. The total estimated cost to the State for plugging the E. G. Ranch, Ltd. Lease, Well No. 1R (RRC ID No. 168394), Well No. 1R is \$28,391.00.
14. The Respondent has no prior history of violations of Commission Rules.
