OFFICE OF GENERAL COUNSEL**

OIL AND GAS DOCKET NO. 8A-0320173

ENFORCEMENT ACTION AGAINST VANCO OIL & GAS CORP. (OPERATOR NO. 881484) FOR VIOLATIONS OF STATEWIDE RULES ON THE BUTLER (61667) LEASE, ANTON-IRISH FIELD, LAMB COUNTY, TEXAS

FINAL ORDER

The Railroad Commission of Texas ("Commission") finds that statutory notice of the captioned enforcement proceeding was provided pursuant to Commission rules, and that the respondent, Vanco Oil & Gas Corp., failed to appear or respond to the **Notice of Opportunity for Hearing**. Pursuant to § 1.25 of the Commission's General Rules of Practice and Procedure, 16 Texas Administrative Code § 1.25, and after being duly submitted to the Commission at a Conference held in its offices in Austin, Texas, the Commission makes the following findings of fact and conclusions of law.

FINDINGS OF FACT

1. Vanco Oil & Gas Corp. ("Respondent"), Operator No. 881484, was sent the Original Complaint and Notice of Opportunity for Hearing by certified and first-class mail, addressed to the most recent Commission Form P-5 (Organization Report) ("Form P-5") address.
2. The certified mail envelope containing the Original Complaint and Notice of Opportunity for Hearing addressed to the Respondent was returned to the Commission on August 9, 2019. The first-class mail was not returned. Record of the delivery and return of certified mail has been on file with the Commission for more than 15 days, exclusive of the day of receipt and day of issuance. Respondent was given more than 30 days' notice of the Original Complaint and Notice of Opportunity for Hearing. Respondent has not entered into an agreed settlement order, filed an answer or requested a hearing.
3. On June 28, 2019, Respondent, a corporation, filed a Form P-5 with the Commission reporting that its officer consists of the following individual: Roman Kupchynsky, President/Secretary.
4. Roman Kupchynsky was in a position of ownership or control of Respondent, as defined in Texas Natural Resources Code § 91.114, during the time period of the violations of Commission rules committed by Respondent.
5. Respondent's Form P-5 is active. Respondent had a \$250,000.00 bond as its financial assurance at the time of the last Form P-5 annual renewal submission.
6. Respondent designated itself to the Commission as the operator of the Butler (61667) Lease, by filing a Commission Form P-4 (Certificate of Compliance and Transportation Authority), effective January 1, 2019, approved January 29, 2019.

7. Commission inspection reports made on February 11, 2019, and April 4, 2019 for the Butler (61667) Lease show that the signs or identification required to be posted at the tank battery displayed incorrect information.
8. The lack of legible signs and identification displaying correct information, as set forth in Statewide Rule 3(3), may cause confusion as to the responsible operator to be contacted and the actual location of a violation or emergency, which can result in delays in remedying a violation or emergency.
9. Commission District inspection reports made on February 11, 2019, and April 4, 2019, for the Butler (61667) Lease indicates a produced water spill measuring approximately 20,000 square feet at the tank battery, inside the firewall. Inspection reports estimate that the spill consists of 100 barrels of produced water and indicate that the water is seeping through the firewall.
10. Respondent did not have a permit for said discharges, nor were they authorized under Statewide Rules 8(d)(3), 8(e), 9, 46 or 98.
11. Unpermitted discharges of oil and gas waste, in violation of Statewide Rule 8(d)(1), can contaminate the land surface, affect the health of humans and animals, and may eventually be discharged to surface or subsurface waters, causing pollution.
12. The Respondent has no prior history of violations of Commission Rules.

CONCLUSIONS OF LAW

1. Proper notice was issued by the Commission to Respondent and all other appropriate persons legally entitled to notice.
2. All things necessary to the Commission attaining jurisdiction over the subject matter and the parties have been performed or have occurred.

4. Respondent is in violation of Statewide Rules 3(3), and 8(d)(1). 16 Texas Administrative Code §§ 3.3(3), and 3.8(d)(1).
5. The documented violations committed by Respondent constitute acts deemed serious, and a hazard to the public health, and demonstrate a lack of good faith pursuant to Texas Natural Resources Code § 81.0531(c).
6. Respondent is responsible for maintaining the subject lease in compliance with Statewide Rule 3(3), which requires that each tank battery that produces oil, gas, or geothermal resources shall post signs or identification showing the name of the property, commission lease number, name of the operator, number of acres in the property and if commingled, include the commingling permit number.

7. Respondent is responsible for maintaining the subject lease in compliance with Statewide Rule 8(d)(1), which prohibits the discharge of oil and gas waste without a permit.
8. Pursuant to Texas Natural Resources Code § 81.0531, the Commission may assess administrative penalties against Respondent for the subject violations of up to \$10,000 per day for each violation, with each day such violations continued constituting a separate violation.
9. An assessed administrative penalty in the amount of **ELEVEN THOUSAND, FIVE HUNDRED DOLLARS (\$11,500.00)** is justified considering the facts and violations at issue.
10. Respondent violated Commission rules related to safety and the control of pollution. Any other organization in which an officer of this organization holds a position of ownership or control, is subject to the restriction in Texas Natural Resources Code § 91.114.
