I write as a Texan who is employed in the oil and gas industry. I strongly do not believe it is wise or appropriate for the Railroad Commission to engage in prorationing or curtailment of production statewide or in any region.

Texas should remain a free market state. Prorationing penalizes efficient producers and distorts free markets. It also would provide Saudi Arabia, Russia and other OPEC nations leverage over Texas in perpetuity.

I appreciate consideration of my views and do not wish to testify at the schedule meeting.

I represent myself, but also as an employee of Ovintiv.

Thank you,

Suzanne Wentz
