Good Morning,

I am contacting you as a fellow Texan, currently working in the oil and gas industry with Ovintiv Inc. I would like to share my opinion of the RRC engaging in prorating of production, as I do not believe this is a well calculated move. Texas should be a free market state as prorating penalizes efficient producers, like my company, and distorts the free market. This would also give the OPEC nations a "leg-up" over Texas.

I appreciate the consideration of my views and do not wish to testify at the scheduled meeting.
