I write as a Texan whose spouse is employed in the oil and gas industry. I do not believe it is wise or appropriate for the Railroad Commission to engage in a pro-rationing or curtailment of production statewide or in any region. Texas should remain a free market state. Pro-rationing penalizes efficient producers and distorts free markets. It also would give Saudi Arabia, Russia and other OPEC nations leverage over Texas in perpetuity. I appreciate consideration of my views and do not wish to testify at the scheduled meeting.
