To whom it may concern:

I write as a Texan who is employed in the oil and gas industry. I do not believe it is wise or appropriate for the Railroad Commission to engage in a prorating or curtailment of production statewide or in any region.

Texas should remain a free market state.

Prorating penalizes efficient producers and distorts free markets. It also would give Saudi Arabia, Russia and other OPEC nations leverage over Texas in perpetuity.

I appreciate consideration of my views and do not wish to testify at the scheduled meeting.
